Created Limited Zoning District

BLOOMFIELD - A limited professional-offering zoning district was created by the city commission following a public hearing Tuesday. The ordinance action ended months of study and a series of public hearings which began last week. The zoning ordinance amendment, approved by the planning commission, provides for residential commercial-type use of some property not suitable for residential use. The ordinance was approved by the commission. The zoning ordinance amendment, approved by the planning commission, provides for residential commercial-type use of some property not suitable for residential use. The ordinance was approved by the commission.
