

HUNTING

You'll Want

HUNTER'S ACCIDENT INSURANCE

Hunting is a great sport. It is also one of the most hazardous. Every season hunters are killed or injured by accidents. While carrying firearms, even the simplest mistake can be tragic. Many other injuries occur during camping and traveling.

Your family needs financial protection against the possibility of your being accidentally killed or injured while away. Before you hunt—be insured.

Hunters Accident Insurance is available for periods of 3 days to 31. It covers non-occupational accidents. Pays medical expenses in case of injury and provides lump sum payments in case of accidental death or dismemberment. The policy also pays weekly disability income in case of a totally disabling accident. Whether you plan a weekend or an extended hunting trip, you can be protected all the time you're away.

★ \$50 WEEKLY INCOME UP TO 26 WEEKS FOR TOTALLY DISABLING INJURIES—INCLUDED IN ALL PLANS PREMIUMS AS LOW AS \$1.60 FOR 3 DAYS

BUSINESS BRIEFS

Colorful Setting in Athens

Mrs. Grace Reilly, 615 Oak, takes a long look at the long tassel on the cap of a soldier guarding the king's palace in Athens, Greece. Mrs. Reilly, just returned from her first trip around the world, is the owner of Birmingham Travel service, 379 Hamilton.

Mrs. Reilly Returns From Tour of World

A sun-filled two-day visit to Honolulu was the beginning of an exciting and colorful two-month journey around the world for Mrs. Grace Reilly, 615 Oak. Included on her action-packed schedule were Japan, Hong Kong, Thailand, Cambodia, India, Egypt, Jerusalem, Jericho, Lebanon, Turkey, Greece, Rome, Madrid and Lisbon.

Mrs. Reilly, Birmingham Travel service owner, and a group of 11 travel agents from all parts of America were greeted by the tail end of a typhoon as their plane landed in Tokyo.

DURING their visit to the city, a group of Japanese school children approached the group and handed each member a pencil and a pad of paper with three questions written in English on it.

"Where did you come from?" "how did you get here?" and "how do you like Tokyo?" were the questions asked.

"Although the children could not speak English," said Mrs. Reilly, "our answers were eagerly awaited and we all guessed that it was their teacher who had written out the questions and who would translate the answers to the children."

ONE OF THE highlights of their tour through Japan occurred when they visited the spot where Miké Moto had invented the means of making cultured pearls.

"A fact that surprised us all," stated Mrs. Reilly, "was that Mississippi river sand is imported to be inserted in the oyster."

A display showed how the pearls were separated according to size and quality. Near the display was a bucket that contained some oysters and for one dollar you could try your luck at finding an oyster with a pearl in it.

"AND WAS I pleased," she smiled, "the oyster that I pulled out had three pearls in it, two good enough to be set in rings."

In Angkor Wat, Cambodia, the group viewed ancient ornamental temples, palaces and monuments that covered an area of 60 square miles. These buildings, which were built by Khmer warrior kings nearly 1,000 years ago, were overgrown by the jungle when the tribe dropped from sight after being conquered by another tribe.

According to Mrs. Reilly, the buildings were rediscovered accidentally by a Frenchman early in the 19th century.

"It was here," laughed Mrs. Reilly, "that I rode my first elephant, and you know, it was really quite a smooth ride."

"While visiting Banaras, India," she declared, "I met the city's matriarch and rode my second elephant."

WHILE IN Cairo, Mrs. Reilly

rode a camel from her hotel to the sphinx.

In Beirut, Lebanon, Mrs. Reilly visited with Mrs. Jenive Maxwell, a former Birmingham resident, who is in the newspaper business in that city. Mrs. Maxwell also is in charge of public relations for the American university in Beirut.

The group then attended the week-long convention of the American society of travel agents and world congress in Madrid. More than 2,000 delegates attended.

"I THINK," said Mrs. Reilly, "our U. S. Ambassador John Davis Lodge gave a wonderful piece of advice to the travel agents and world congress in Madrid. More than 2,000 delegates attended."

"He said," "Please urge your clients to go to all countries with an open mind, with a desire to learn about the country, its customs and its people and they will find them courteous and friendly and the hope on the part of the people that they will return soon."

Granting a \$300 annual pay raise to 75,000 employed by the New York City government has added 23 million dollars a year to the city budget.

Gets New Post

A Birmingham man, Fred M. Walker, 15636 Birwood, has been named general manager of Wilson-Pontiac-Cadillac, Inc., 1350 N. Woodward. Walker, who is married and has two children, has been a Birmingham resident since 1952. He formerly was

Select Choice Gifts in New York

Mr. and Mrs. Alfred LaBelle, owners of LaBelle's books, stationery and gifts, 137 W. Maple, have returned from a 10-day buying trip to New York.

Mrs. LaBelle says she and her husband went to New York to "select those things for holiday giving which will complete our very select stock. Each item was chosen individually."

She also announces that on Nov. 23 the author, Mrs. Margaret Williamson Anderson, will be in their book department from 10 a.m. to 1 p.m. to autograph her books for children.

Mrs. Anderson, who also designed her books, is the author of three books. Her latest is "First Book of Mammals."

The shortest distance between buyer and seller . . . employer and employee . . . landlord and tenant . . . is a Will. Ad.

general manager of Wilson GMC Co. and assistant zone manager of GMC truck and coach division.

Dedicated To Service

For 35 years we have served the families of this community, always dedicated to the same high principles: A sincere belief in the inherent dignity of man. A desire to serve all, regardless of economic station or the religious belief. A determination to provide the personal and intimate services required with understanding, reserve and respect. A willingness to provide facilities that are both beautiful and appropriate, and in keeping with the wishes of the family. And, above all, the hope that we may lighten the burden of the families we serve. To these principles we are dedicated.

You are cordially invited to visit our establishment.
Visiting hours: 9 A. M. to 9:30 P. M. Daily.

The 58 FORD is here now...

there's nothing newer in the world

There's hold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty . . . new power . . . new ride . . . all at the low Ford price. We know! We tried it!

In Paris . . . the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok . . . the world loved it!
The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris . . . Rome . . . Athens . . . Istanbul . . . Calcutta . . . and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

"HERE'S ANOTHER MEMBER OF THE WORLD OF STEEL!"

"THE WHOLE WORLD SEEMS SMALLER WHEN FORD'S NEW INTERCEPTOR V-8 ENGINE!"

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Power Flow hood to Safety-Turn taillights, Ford's world-around styling is a stand-out! There's a new Slipstream roof . . . a new Sculptured rear deck that's out of this world.

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. Gives you up to 300 hp. Smoother power . . . more power . . . from less gas! The secret is Precision Fuel Induction, a new carburetor, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D-10 position, used for normal driving, lets you move smoothly—with a touch of your foot—from idling, feeling take-off right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. This is the way you've dreamed of driving—floating on air! Four air pillows literally soak up any sign of a bump. Car reveals every line, crease, pit in or lumps in road.

You'll steer with a feather touch with Ford's new Magic-Crest Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering gear are virtually friction-free—give you the closest thing yet to power steering!

Your night driving is safer with Ford's Safety-Turn Headlights. You get safety you simply can't get with single lights . . . special light for high beams . . . special light for low. It's the biggest advance since the steel-beam! It's high style, too.

Smooth as they come . . . smart as they go. The Fairlane 500 takes the 58 styling cues, going away (arriving, too!)

COME IN . . . SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!
