E. Graham Resigns Lathrup Zone Post

LATHRUP—Council members accepted with regret Monday the resignation of Earl W. Graham from the zoning board of appeals.

Graham said in a letter to the council that he was resigning on doctor's orders.

Don Hoogstra, 27660 Rainbow Circle was appointed for the remaining period of Graham's appointment to April of 1959.

Okay Lighting Bid For Football Field At Southfield High

SOUTHFIELD—Contracts for lighting Southfield high school's football field were awarded Monday at a special meeting of Southfield board of education.

Low bid of \$46,980 by J. P. Miller electrical company was accepted with an additional bid of \$950 approved for special control switches to operate parking area lights independently of the field. The board also approved a bid of \$3,248 for Loderie school fencing.

IT WILL take about two months, the board learned, to complete arrangements for closing Monterey street behind Lathrup school and the adjacent property recently acquired on Monterey. The resulting area will double play space at the elementary school.

The board decided to instruct its attorney, Stratton Brown, to proceed concurrently to acquire half of the easement on the new property. Property owners on the east will receive the other half. The easement originally was left on the property for public utilities in place of an alley.

THE BOARD also indicated its willingness to have the property, recently purchased from Mrs. Louise Kelley, rezoned from residential to play area. It was indicated that this zoning would be more acceptable to Lathrup council than a commercial zoning request.

A special meeting is scheduled for Monday to open construction bids for the 11 Mile-Evergreen school.

Street Clarification Holds Up Petitions Of Lathrup Schools

LATHRUP—Petitions from the Southfield public schools for the vacating of a street to the east of the Lathrup school were returned to agent Arthur Stevens Monday by the council for clarification of street names.

When the petition was drawn up, the street names were copied from an abstract company's plat map which were not corrected years ago when street names were changed.

As soon as the corrected petition is received, the council will refer it to the zoning board of appeals.

Talking Over Business

Low ceiling seems to be the flying outlook Capt. Thomas G. Gibson, pilot and Sturgis produce salesman is illustrating for Lt. Hugh Graham, Birmingham high school teacher, his navigator in briefing before an over-water hop. They were to fly from Bakalar to Ellington AFB, Houston, Tex., and out over the Gulf of Mexico some 800 miles to Miami International airport, and back, a necessary part of their training.

12 Mile-Telegraph Ninth on List of Dangerous Spots

The Telegraph-12 Mile intersection is one of the ten most dangerous spots in Michigan, the state highway department announced Wednesday. Ranking the state's roads in order of their lethality, the department plans to redesign the danger spots.

Telegraph and 12 Mile ranked ninth. There were 20 accidents there in 1957, and 22 persons were injured.

It was one of two Oakland county spots on the "ten worst" list—the other was US 10 at Walton boulevard and Williams Lake road in Waterford township.

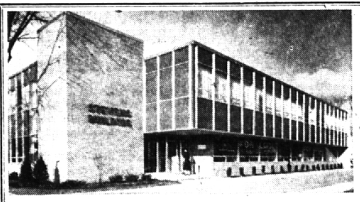

Most dangerous of all, according to the state survey, is the intersection of US 112 and the M-60 by-pass near Niles in Cass county. That spot had 25 accidents in 1957 and 55 persons were hurt.
