"After all, it will get worse later on and many people have the idea that accidents which occur when roads are slippery are caused entirely by the ice or snow," Moxley said.

"But this is not the case at all. Slippery roads do contribute to the

Goodwill Industries Needs Clothing

You may have a happier Christmas if you look through your closets now and send clothing you don't need to Goodwill Industries. At Christmas time, many people, busy with the season's festivities, are apt to forget that hundreds of handicapped men and women will be without work unless clothing and usable discards are sent to Goodwill.

There is no more appropriate time than now to remember Goodwill Industries. Its program of aid to physically handicapped men and women faces a cutback without a surge of discards.

Without cost to you in either time or money, you can keep less fortunate people on the job through the holidays.

Fill up your Goodwill bags now, and call TE 3-3900. In suburban areas ask the operator for toll-free Enterprise 7002.
