Picturesque Location

This beautiful scene is part of Frederic K. Graef's new Sagamore Estates development near Orchard lake. The site being developed by Graef, whose office is in Franklin, is on a 300-acre tract known as the "big woods". More than 100 acres of virgin woodland has been left untouched, except for walking trails, for early Sagamore residents.

Two lakes are on the Sagamore Estates site and a park area has been reserved for the exclusive use of Sagamore property owners for swimming, boating and fishing. Only 250 homes are planned for the development. An early American ranch home has recently been opened as an exhibit at Sagamore.
