Birmingham Telephone Lines

AL WARNER, Manager

Welcome to my new column. Each month I'll try to bring you news about your telephone service and other bits of useful, interesting information. In fact, I've got some news to pass along right now. A new, full-color booklet showing the complete line of color phones is ready for you. It's free, of course, and should be a big help in planning your new decorating scheme. Just call us at Midwest 4-9900 and we'll be glad to send you a copy.

DRIVING CAN BE pretty tricky this time of the year. So Telephone Company drivers get special training for winter. Among other things they make a special effort to:

- Keep windshields clean.
- Watch for unexpected icy spots where roads are shaded by trees or buildings.
- Keep plenty of stopping space between their car and the car ahead.

When a telephone man waves good-bye to his family in the morning and says "See you tonight," we want to do everything we can to make his words come true.

LOOKING FOR A VALENTINE gift idea? How about an extension phone—in any of nine beautiful colors? An attractive gift phone expresses the right sentiment—tells your Valentine you want to keep in touch every day throughout the year. To order your Valentine phone, just call our Business Office.

BUSINESS BRIEFS

Bank Makes Appointments

William A. Allan (left), manager of the Woodward-Hamilton office of the Detroit Bank and Trust Co., was appointed an assistant cashier at a recent meeting of the company's board of directors. With the bank since 1929, Allan, whose home is in Grosse Pointe Woods, was made a branch manager in 1943. He has held the Birmingham post since January 1957. Another appointment by the Detroit Bank and Trust Co. named D. James Watson, Jr. (right), 1075 Canterbury, Birmingham, an assistant vice-president. Formerly in the outstate banking division, Watson has been transferred to the business development department and is assigned to the Birmingham-Ferndale area. He has been with the bank since 1946.

Promoted by Bohn

Guy H. Pitts, 5875 Wingcroft, Wing Lake, has been elected vice-president of manufacturing by the directors of Bohn Aluminum & Brass Corp., Detroit. An engineering graduate of the University of Michigan in 1940, Pitts joined Bohn in 1950 and has served in capacities of chief engineer, plant manager and manager of the fabrication division.

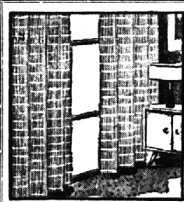

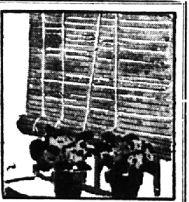

Dodge Promotes

Chester Guilmet, 19653 Riverside, West Beverly, has been promoted to the post of director of distribution for the Dodge truck division of Chrysler corporation. A past president of the West Beverly civic association, Guilmet has been a member of the Westwood village charter commission. He has been a resident of Southfield township for 30 years, the last seven at the Riverside address. Following graduation from Wayne State university, he joined the Dodge truck staff, and has worked for that company the past 21 years.

Area Men Named To Bank's Board

Three area men have been elected to the new board of directors of the Woodward-Hamilton office of the Detroit Bank and Trust Co. He previously served as assistant vice-president.

Named to the board were Bruce Renway, vice-president and R. Benway, 4185 Orchard Way, Bloomfield township; Harry L. Haulman, Jr., 4010 Walnut Hill, Troy, and Stanford C. Stoddard, 691 Oak, Birmingham.

Two antibiotics recently extracted from coal seams now are being tested by scientists. One fights fungi and the other attacks virus president of the bank at a bacteria.

Engineering Mgr. For New Branch

Douglas S. Lock, 2888 Stony Ridge, Thornwood subdivision, Troy, has been named manager of engineering of the newly formed automatic warehouse branch of Pisco products division, Borg-Warner Corp. in Bedford, O. This branch is developing an entirely new concept in fully automatic warehousing, together with a line of aircraft service equipment. Lock was a section supervisor at Ford tractor and implement division in Birmingham. He and his family will be moving soon to Bedford.

Medical Mirror
WHAT DOCTORS SAY ABOUT

- High Blood Pressure
- Chest Pain
- Athletic Heart

Q. Can you have chest pain without having heart disease?
A. Yes, lots of people become frightened when they get a sharp, stabbing pain somewhere in the chest. In many cases it doesn't mean a thing. According to one prominent doctor, sharp, stabbing chest pains are never due to heart disease. Many people think that any pain that starts in the chest and runs down the arm must be due to heart disease. This isn't true at all. But to play safe, and not worry yourself into thinking you have a bad ticker, see your doctor. In fact, you have any kind of chest pain. He can rule out a bad heart in a hurry.

Q. What is an "athletic" heart?
A. There isn't such a thing as a "normal" heart. Medical opinion can be summed up like this. Infections are more important as a cause of heart disease than exercise; strenuous exercise won't damage a normal heart; the term "athletic" heart should be dropped because it describes a condition that probably does not exist.

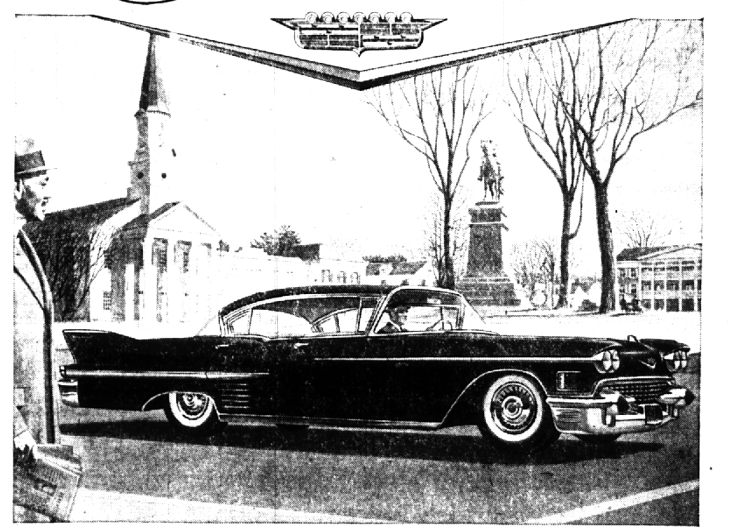

Q. Does high blood pressure run in families?
A. Yes, so it seems. Doctors at the University of California looked up the family records of 104 rather young men and women who were being treated for very high blood pressure. In about 50 per cent of cases, some member of the family had heart or blood vessel disease that indicated high pressure. This was pretty good evidence, said the doctors, that the tendency to develop high blood pressure is inherited, at least by some people. Other authorities go even further and say that heredity is more important than anything else.

Material in MEDICAL MIRROR is based on various scientific publications and does not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease requires the skill and knowledge which only a physician can apply by personally attending the patient.

Cadillac

One Temptation You Shouldn't Resist!

By now, you've undoubtedly seen a new 1958 Cadillac as it glided gracefully down the avenue... or admired it as it waited majestically at the curb.

And perhaps it has occurred to you that you should visit your Cadillac dealer and take the wheel for yourself—to see if this new "car of cars" is as wonderful to drive as it is to behold.

Well, that's one temptation you certainly shouldn't resist. For it will be an experience that will transcend even your fondest expectations.

Out on the highway, the car is so velvet-smooth and responsive that it's a pleasure just to hold the wheel.

In traffic, it is incredibly nimble and quick and agile.

Just the slightest driving gesture translates every desire into instant and obedient action.

And through every mile, there are the sustained pleasures that derive only from Cadillac... the luxury of Fleetwood coachcrafting... the feeling of security that comes with Cadillac's marvelous safety and dependability... and the pride-quickening knowledge that you are master of the Standard of the World!

Sound wonderful? Well, as we said—if you've been tempted, you should delay no longer.

The car is waiting for you now—and your dealer will be happy to give you details on all the new Cadillac models, including the Eldorado Brougham.
