Scout Troop LC-3 Attends Klondike at Camp Howell

LATHRUP—Much excitement gripped the scouts of Troop LC-3 when the boys and their leaders, explorers of LC-3s had their klondike at Camp Howell, the headquarters of a turkey dinner and saw the movie "The World We Live In", the history of how flowers, insects and plants grow.

The big excitement centered around Sunday morning at 4:30 when a newscast was heard over the radio announcing an object buried in the sky near Brighton and supposedly had landed near the scout reservation.

Patrols were sent out scouting for any signs. It seems the "object" had disappeared but left mysterious messages in Morse code and strange footprints were sighted.

AFTER ABOUT AN HOUR and a half, it was discovered that the "object" was none other than the explorer advisor, Henry Pouch, and cohorts in the scheme, George Harlin and Bill Beryl and Bob Kemp.

Pouch had recorded the entire broadcast previously on tape and the incident brought many laughs for days.

On Feb. 18 the boys will have a pancake supper from 5 to 7:30 p.m. This "last day of the Mardi Gras" will be held in the Fellowship Hall of Community Congregational church.
