Detroit Times

What IS the bright difference?

It is many things. Cool green, for example, replacing the red on the Times front page. New, easier to read type face; new page layout; new local columnists... John Manning, Editor of the Times; Harvey Taylor, covering Detroit and suburbia; B. Jay Becker on bridge; Jack Crellin's "The Labor Front." A new Sunday feature section, "Tempo of The Times," covering art, books, theatre and music... plus all of the other features read regularly by over 500,000 families.

But see it with your own eyes... the BRIGHT DIFFERENCE in The Detroit Times.

Schools receive an important part of the \$1,813,322 tax payments made by Edison in Oakland County in 1957

For the year 1957 Detroit Edison's total tax payments will be about \$38,201,000 to local, state and federal governments. Over half of this sum will stay right here in Michigan with \$7,478,014 going to local school districts in our service area.

The balance of these Edison tax dollars helps to build needed public projects and to support

police, fire and other vital services in your community.

As your electric company supplying your electric service, and as a corporate citizen paying taxes, we like to think that we are truly partners in the progress and growth of the 400 communities we serve in Southeastern Michigan.
