

Maryknoll Priest To Tell Students Of Mission Work

By CAROL ANN JURICA
 Tomorrow Holy Name will be honored with the presence of Maryknoll priest, Fr. Felix A. Lesnick, S.S.C., director of Detroit Maryknoll headquarters, who will speak to the student body about the mission work he is doing in his community.

Time: 2 p.m. Place: the gymnasium of St. James of Ferndale school. Date: Sunday, Feb. 2. Reason: Holy Name's girls basketball team will play another exciting game with St. James. So far this season the girls have played two games and have won both. They are scheduled for a seven game season. We've got our fingers crossed!

Sunday at 2:30 Holy Name's CYO boys' basketball team will meet St. Fred's of Pontiac in our school gym for what should be a thrill-packed game.

The boys are straightening their ties and girls are combing their hair as they wait in line to have their pictures taken by a photographer from St.ude's studio, Detroit. Mrs. L. Heinz, mother of Larry, a student here, generously gave some of her time to help the photographer take those all-important pictures this week.

The staff members of the "Student's Pen", Holy Name's school paper, are trying to establish a newspaper exchange with other schools of our size. If you think your school would like to start an exchange with Holy Name, please write:

Named 'Homemaker Of Tomorrow'

Gerry Miregler has been chosen "Homemaker of Tomorrow" at the academy of the Sacred Heart, Lawrence avenue, Detroit. Gerry, 17, is the daughter of Mr. and Mrs. William J. Miregler, 1158 Chesterfield, Birmingham. A senior at the academy, she won the honor after a competitive examination in the nationwide contest sponsored annually by General Mills.

Pennsylvania with production of 86,250,000 tons, had a year-to-year gain in 1955 of 21 per cent and held second place among the states in coal production.

Birmingham High School Bulletins

By JULIE HOOVER and STEVE TAYLOR

Plans for the 1958 J. Hop are definitely under way. The steering committee made up of representatives from each junior homecoming narrowed down a wide choice of candidates to four for each chairmanship, and it was upon these candidates that they voted.

The elections ran as follows: general chairman, Tom Brown and Harry Klimuschyn; decorations, Judy Winchell; tickets, Deb Hutchings; publicity, Steve Taylor; refreshments, Sue Beasus; programs, Linda Burkman; chapresses and invitations, Lynn Cloonan; and clean up, Grace Wyatt. All are working hard to make this J. Hop the best one ever.

National Honor Society is working hard on their annual dance, Valentia. The general chairman for the dance are Betty Nichols and Pat Fuller, but the entire club is trying hard to make this dance a great success.

Sue Rippingella held an open house last Friday night for all the members of the band, after the basketball game with Hazel Park.

Senate has granted charters to three new clubs so far this year—science, biology and camera clubs.

Miss Hart and George S. Kaufman's "You Can't Take It With You" will be presented by Proscenium Feb. 13 and 14 in the little theater.

Included in the cast are Bob Benson, Nicky Parsons, Tom

Keshner, Judy Eastburn, F. J. McGinnis, Jan LeMessurier, Julie Bergman, Neil Hill, Betty Nichols, Bill Brown, Clark Hudson, Bill Montgomery, Bill Pratt, Kepy Patton, Calmia Clark, and Gordon Strong.

Committee chairmen are Sue Hard, tickets and programs; Carol Williams, publicity; Marianne Sinclair, ushers; Dave Berry, sets; Mary Hawley, props; and Barb Hobart, make-up.

Newly elected Proscenium officers are Bob Benson, president; Ann Lawrence, vice-president; Nicky Parsons and F. J. McGinnis, senior board members; Bill Montgomery and Lynn Cloonan, junior board members; Callie Weston, corresponding secretary; Janet Kegel, recording secretary; and Geoff Burkhardt, treasurer.

Math Club Members Tutor, Sponsor Science Talks

By SUE SUNDBERG

One of the most beneficial organizations and one which is rarely heard of at Bloomfield Hills is the Math club. Under the direction of President Deyce DeWint, and faculty advisor Miss Ewers, the Math club has done many things, worthwhile both to themselves and the student body.

Around exam time members of the Math club were seen tutoring their fellow math students if they needed the help. Another service

which the club renders to the school is the sponsoring of the science lectures held frequently during the year.

A field trip was taken by the Math club to the IBM building in Detroit, where the students had the opportunity to see a mechanical brain, and had a chance for many of their questions to be answered.

Scan Publications

Enthusiasm for a subject has led second grade pupils of Marcia Bearden at Adams school to scan newspapers and magazines for material. The young students took to school the photos, and articles they found on subjects such as space travel. The material supplements their textbook study of the solar system.

Kingswood Column

By KRISTINE GILMARTIN

To Kingswood, January means just one thing: midyear examinations. Last week, Jan. 20-24, through snow and slush, with pencil and pen and boxes of tissues, the ordeal went on day after day. Come to think of it, the only bright spots were the red noses of the girls with colds.

In spite of dire prophecies ("I'll just die if she asks . . .") there were no casualties, and Friday at noon everyone took off gaily for the free weekend. Skiing, skating, and just plain
