Scouts to Fell Trees For Building Project

Cry of timber will ring forth Feb. 1 when about 20 scouts from Troop B-25 Pembroke school fell trees for a bridge-building project.

John Linder of Lambert acres at Wixom, Mich., has invited the boys to construct a 20-foot bridge of logs and rope to cross Muddy creek. A more enthusiastic work crew would be hard to find.

Frank Ward will stand by with first aid kit and hope he's not seeing a duking.

Red will be in the lead for home, oven and dunks will be served around the campfire.

Newcomers to the Graefield-Terraces are Mr. and Mrs. Ralph R. Reed, Jr., 653 N. East. The Reeds moved here from East Lansing but are originally from Detroit.

Red is a first graduate of Georgetown university in Washington, D. C. is assistant sales manager for the Fabular Sales Co. of Detroit.

Mrs. Reed received her degree from Marymount college in Larchmont, N. Y.

Both enjoy golf and an evening of bridge.

Mr. and Mrs. Eric V. Davison, 1928 Graefield, are announcing the arrival of their first child, Bruce Holman, born on Dec. 21.

Recently returned from a three-week holiday in West Palm Beach, Fla., are Mr. and Mrs. Alan Diebold, 1804 Derby and children, Susan, 11 and Gay, 8.

They were the house-guests of Mrs. Diebold's parents, Mr. and Mrs. John J. King.

Highlight of their trip came New Year's eve, which they spent with several of their friends also vacationing in the south.

A surprise baby shower was given Thursday evening honoring Mrs. Robert Kaufman, 1694 Wilber, by Mrs. George Spank and Mrs. Joan Ward, Jr., also of Wilber, road, Troyton Manor.

Guests were Mrs. William Donahue, Mrs. Donald Distler, Mrs. Robert Dyla, Mrs. Thomas Anderson and Mrs. Robert Distler.

Mrs. William D. Hart, 718 Graefield court, has been the houseguest of Lt. General and Mrs. E. L. Cummings of Washington, D. C. and Fort Meyer recently.

Lt. Gen. Cummings is Chief of United States ordnance and is being sent to Japan.

After visiting with the Cummings, Mrs. Hart went on to New York city to view the latest spring fashions. While in New York she attended several plays on Broadway.

Thursday night, members of the Troxton Manor Homeowner's association met at Derby junior high to elect officers for 1958.

Voted unanimously into office were Ruford Hayes, president; Charles Pennington, vice president; Mrs. Joy Franzen, secretary; Robert Distler, treasurer; George Whitehead, internal affairs; Leo Cougherty, public affairs; Mrs. Maurice Kevadine, social and Charles Hooker, publicity.

Hayes presided over the meeting and the group discussed problems and new plans concerning Troy residents.

Newcomers and newly weds, Mr. and Mrs. Jack McNelis are residing at 1721 Graefield.

The couple were married in Grosse Pointe on Jan. 10 and after the ceremony and reception flow to Bermuda where they stayed at the Elbow Beach hotel and enjoyed the island's famous motor bikes and listening many evenings to the cro-

Lambdas Planning Millionaire's Party

Eleven chapters of the Detroit Branch of Lambda Tau Delta, national philanthropic and social society, are sponsoring an arrangement for a Millionaire's Party to be Feb. 14, at 8:30 p.m. at Amalgamated Union hall, 8209 East Eight Mile road.

This is the society's annual fundraising affair for the benefit of Cerebral Palsy, for the cause of which it has raised more than \$12,000 since 1937.

The chairman of this event is Mrs. Edward Knapp, assisted by co-chairman Mrs. William Scott. Others working on arrangements are: Mrs. Herbert Clarke, Mrs. Jack Hoofs, Mrs. E. Rasmussen, Mrs. Hal Irwin, Mrs. John Harn is Detroit Branch president.

For the big occasion were his grandparents Mr. and Mrs. Ian Brown from Lapeer, Mich., and Mr. and Mrs. James Stockbush of Mt. Pleasant.

Another newcomer to the Graefield Terraces are Mr. and Mrs. Victor J. S. Carbaugh and son, Victor, Jr., formerly of Winchester, Va., and now residing at 1679 Graefield.

Carbaugh is associated with the American Brake Shoe in Detroit as a salesman. He is a graduate of the College of William and Mary in Williamsburg, Va., and was a business administration major. He was affiliated with Kappa Sigma fraternity.

Mrs. Carbaugh is an alumna of the University of Virginia.

The Suburban Investment group met recently at the home of Mr. Frederick J. Mason, 2898 Yorkshire.

Robert Distler presented a talk on the transistor industry concerning equipment for missiles and such in connection with stock buying.

Another report on world affairs in relation to the stock market was given by Lawrence Harper.

Others present were William Taylor, George Boduak, Jr., Maurice Baumann, George Whitehead, Alfred Garby, Al Lotero and Frank Straub.

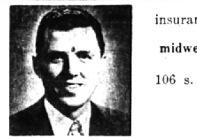

Mr. and Mrs. Carl Landt, 1629 Graefield, entertained Mr. and Mrs. Walter Westerlund formerly of the Graefield Terraces and now living in Grosse Pointe for Sunday dinner and an afternoon of visiting.

Mr. and Mrs. Carl Landt, 1629 Graefield, entertained Mr. and Mrs. Walter Westerlund formerly of the Graefield Terraces and now living in Grosse Pointe for Sunday dinner and an afternoon of visiting.

NO TITLE

Someone at the Eccentric told us we should "plant a little more corn" in order to reap abit.

New ideas are a dime a dozen! GOOD NEW ideas are few and far between. We've got a few for you to try. Be not the first by whom the new is tried nor the last to cast the old aside.

A dull person is as useless as a dull lawn mower. Get sharpened up now—before the rush. (Get it?)

- a. Don't send in the top part of the statement.
- b. Return all the yellow and pink charge slips and the BOTTOM of the statement—none of which we care to have—having sent them out once to get rid of them.
- c. Should write the figures in Roman Numerals.
- d. Have our blessing for sending it in any form.

Hippetrump is now available for growing indoors. Some at \$3.95 and some at 85c. The latter, of course do not permit color selection at this low price—the former are available in all colors so long as they are pink or white! (Actually they are AMARYLLIS.)

Snow may be carefully brushed or jiggled off the branches of evergreens to prevent breaking of branches—BUT, don't do it if ice forms. Why? Ask your old man.

If a good thaw comes along (heaven forbid) dig out a few dandelion roots from your neighbor's lawn or a roadside ditch, lay them on sand (we have 10 in a quail (50¢) 1 quart place, cover with damp sand. Use the resulting blanched leaves in a salad. (You can disguise the taste with vinegar.)

The matter of returning purchases plagues us and came to a head recently when a lovely customer returned a shovel (The same brand we carry) which she received as a 1956 Christmas present.

The SALE was terrific! We learned MORE things about PEOPLE! One THING is that they don't like to BARGAIN. Another thing is that the BOSS was kept off the floor because his friends were continually forcing him below the lowest acceptable price. Anyway we made enough people happy to produce TWO wonderful decisions—no, THREE—

1. We'll never do it again.
 2. We will not go to BRIDGE PARTIES for a few months because all we could win would be a prettily wrapped Mc-B. sale item.
 3. We sold enough to warrant a trip to N. Y. to replenish. However, the yield will take us ALL to X. Y. but will bring back only ONE. Ach! What a business!
- It may sound like a gibberish but you can give your house plants a new lease on life with GIBREL. It will—
1. Cause flowering plants to produce earlier and more numerous blooms.
 2. Increase the size of the flowers
 3. Make flowers last longer
 4. Make vines leafier and grow bigger and faster.
 5. Start new growth in "stopped" plants.
 6. Make you sorry if you get it on yourself.
- This is a good time to start (from seed) petunias, vincia rosea, impatiens heliotropo, snapdragon, forget-me-not, pansy and labeila.

This is Friday, January 24, at 10:14 P.M. and we are happy to say that as we look out of the window the happy snow is falling at a merry pace and our SNOW SHOVELS are jumping merrily around and our SALT and CALCIUM CHLORIDE and ICE FOE are snapping excitedly at a chance to get going.

Forcing (some people are always trying to heat other people and nature) branches of forsythia, witch-hazel, etc. can be done now if you are so inclined. Plunge, really PLUNGE the stems into DEEP, cool water for two days and then bring them carefully, tenderly, out of the potato cellar into a cozy warm living, dining, breakfast, game or family room. Keep syringing the tops (we have a cute little Japanese syringe for this purpose) so the buds don't dry out, and then—the blooms! What beauty! What joy! What sheer, unadulterated JOY!!!

Use for old Christmas trees. BURN them! (Might as well do it on the vegetable garden and kill the surface weed seeds. You might even be lucky enough to kill those "overwintering" parsnips.)

Clean and oil your fertilizer spreader because in a few weeks we will be badgering you to get on your first applications.

If you really want to see what a GLOXINIA in bloom looks like (GLOXINIA and see Emperor William in all his glory—His blooming stems are available for adoption at only 50¢ a piece—male or female, same price.)

No Junior, Asiatic Flu is not a Chinese chimney.
