## Bloomfield Group Formed to Fight Zoning Changes

BLOOMFIELD — A group of township residents met to finalize plans for a new organization, the Suburban Home Owners' Association, Inc. The organization was formed to aid in the improvement of municipal government and to help preserve Bloomfield township as a residential area.

Louis Pelioni, president, said that the association's principal objective at this time is the zoning of land in the township.

We are merely a group of township property owners who have a common interest in maintaining the long-standing residential character of the area," Pelioni said. "Recently there have been strong pressures from land developers to rezone residential properties for commercial use, although this is only a part of the whole zoning problem in the township."

Other officers and committee chairmen who were elected are: Harry D. Wain, Jr., secretary; Fred D. Hendrick, Jr., treasurer; John McBride, membership committee chairman; Gale Kinney, finance committee chairman, and Raymond O. Darling, publicity committee chairman. Wise also serves as legal counsel.
