## YMCA Honored For Physical Education Work

For its exceptional work in physical education, the Birmingham Young Men's Christian association was recognized recently with the grant of an eligibility certificate for the years 1958 through 1960, granted by the National Council of YMCAs through the national physical education committee.

"In order to attain this honor a YMCA must adhere to specified goals and follow standards of performance in keeping with the Y's objectives," said Birmingham YMCA Executive Secretary Edwin F. Kirbert.

The certificate is awarded every three years to an association which meets the qualifications, he said.

KIRBERT SAID the national committee pointed out that the local "Y" had:

- 1) Conducted a balanced and interesting program of physical education for boys.
- 2) Had a physical education committee and volunteer leadership to give guidance in the program.
- 3) Had qualified professional leadership.
- 4) Operated under an adequate, up-to-date written policy.
