

From where I sit... by Joe Marsh

Slim's "Pickins"

Slim Thomas who owns a used-car lot on the highway proved more than once he can think fast. Last week, for example, a young roofing salesman came in to say he couldn't keep up the payments on a car he'd bought.

Someone else would have begun to talk about refinancing—or repossession of the car. But Slim looked the fellow up and down and asked him how'd he'd like a part-time job.

Now Slim's got a new salesman. The new fellow's holding

down both jobs and keeps his car too. Everybody's happy.

From where I sit, our town is lucky in having a fellow like Slim around. He's not only a good judge of a used car, but of character, too. Maybe it's because he understands others—and respects their viewpoints.

Slim's one fellow who'd never try to "sell" you out of choosing a glass of beer with your meal, just because he prefers coffee!
