YOU have a BIG STAKE
 because it'll come out of YOUR pocket!

Most people have become aware, by now, of the serious financial condition of the nation's railroads. This has been brought about by unfair and discriminatory regulation that does not permit the railroads to compete on an equal basis with other forms of transportation. We are FORCED, by federal regulation, to hold our rates up to levels that "protect" less efficient modes. The result? We lose business.

WHAT DOES THIS MEAN TO YOU? Just this: The railroads are the only form of transportation that pays its own way (no free roads, no free waterways, no free airports, no subsidies of any kind) . . . AND, in addition, WE PAY HEAVY TAXES FOR THE SUPPORT OF YOUR SCHOOLS. Last year Michigan railroads paid OVER EIGHT MILLION DOLLARS for this purpose. No other carrier pays a dime to this fund!

DO YOU WANT TO ASSUME THIS BURDEN? Of course not. The schools desperately need this money, and everyone wants them to have it. BUT—if the railroads are forced into bankruptcy by unfair regulation, YOU will have to make up the lost taxes.

WHAT CAN YOU DO? It's very simple. Just write a letter to your Congressman in Washington. For a mere three cents you can tell him you would like him to support Senate Bill 3778 (the Smathers bill) or the Harris Bill in the House to help the railroads get fair play. And while you're at it, write also to your two Senators, Hon. Chas. E. Potter and Hon. Pat McNamara, United States Senate, Washington, DO IT TODAY!

Remember, we are asking for no favors, no subsidies — JUST FAIR PLAY
