Retires After 42 Years With Ford
 John G. Schramm, Ford Motor Co. purchasing agent in charge of general supplies, retired Saturday after more than 42 years service with Ford.
 Schramm, who during his many years with the company purchased materials costing hundreds of millions of dollars, literally started out in the "poor house."
 He was born in Ontonagon, Mich. on May 9, 1893. When he was 3 years old, a devastating fire destroyed every building in town. The Schramm family, along with most of the townspeople, had to live in the poor house on the outskirts of town while their homes were rebuilt.
 After graduation from high school in 1912, Schramm attended Cleary College in Ypsilanti. Two years later he entered the automotive industry in the Studebaker experimental engineering office.
 He joined Ford's purchasing engineering department on December 5, 1916. After serving in the Army during World War I, he returned to Ford and, in 1931, was promoted to buyer of machine tools and equipment.
 SCHRAMM HANDLED the purchase of certain government-owned machine tools and equipment, and aided the war assets administration in disposing of war surplus material after World War II.
 In 1921, Schramm married his high school sweetheart, the former Eleanor Hatton. The Schramms, who presently reside at 1255 Pilgrim, Birmingham, have three children: a daughter, Mrs. James F. Hunt, of Morgantown, N. C., and two sons, John E., of Redford Township, and Thomas, at home. Both sons are also Ford employees.
