We suggested a *testamentary trust* to the father and his attorney years ago—one for his wife and each of his children. This kept the inheritance of each child intact at National Bank of Detroit, growing for its eventual turnover at pre-determined ages. Meanwhile, each youngster gets his schooling, and a business or marriage start from the estate income alone.

We'll be glad to talk with you and your attorney about these and the many other advantages of a trust relationship with National Bank of Detroit.
