*Graduation Gifts*

Unlike any gift in this world  
—or any other

*Parker 61*

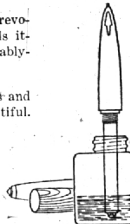

The only fountain pen that fills itself  
by itself—it has no moving parts

The Parker 61 is the distinguished gift for those friends who appreciate the new, unusual—quite flattering to them and you.

The Parker 61, with its frankly revolutionary capillary ink system, fills itself, writes effortlessly, dependably—even on a high flying plane.

You have a choice of rich colors and gleaming caps—all strikingly beautiful. The Parker 61 is \$15.00 or more.

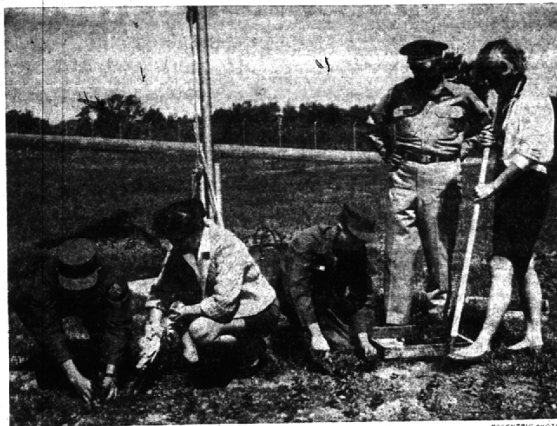

The Parker 61, alone among fountain pens, fills itself by itself. It fills itself cleanly—through the end opposite the point. It's done by capillary action in just 10 seconds—the shining point need never be dipped in ink.
