

Natural GAS
Your Best Buy

Gas Water Heaters Heat Water Faster

National sales records show an overwhelming preference for automatic gas water heaters over any other run by an all-automatic fuel. Gas does a better job—actually repletes water 3 times faster.

An ample supply of hot water, once a luxury that only the wealthy could afford, is a necessity of modern living.

More than 75 manufacturers make gas heaters. You can find every type of construction, every sort of tank lining, every product advantage you can think of—in gas.

More than 17 and a half million families use gas water heaters. They can testify that gas heaters cost less to buy, use and install.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

what is this CYCLO-MASSAGE FURNITURE that people are talking about?

"Nuzena Cyclo Massage® Furniture," says Arthur Godfrey, "looks like other good furniture, but the feeling you get when you sit or recline on it is different from anything you've ever experienced. The action you feel is they tell me it's called 'Cyclo' action—travels right through you and makes you feel better. At least that's been my experience... and I do believe that Nuzena Cyclo Massage® helps to relieve tension and nervous fatigue due to overwork or over exercise... and I think it does it through increased circulation of the blood."

Clinical tests prove... and many thousands have already phoned... that Nuzena Cyclo Massage® does indeed help to increase blood circulation in the area of application... to induce deep, sound sleep... to relieve tired feet and fingers... It may well help provide new zest and joy of living for every member of the family.
