WHAT DOCTORS SAY ABOUT

Q. Are both sides of the face exactly alike?

A. No, not exactly. The chances are you wouldn't recognize a picture of yourself made by joining the two left sides or two right sides of your face...

Q. Is it normal for babies' eyes to cross?

A. Perhaps not normal but it frequently happens in very young babies. After a few months the eyes team-up in the "eyes front" position...

Q. Children will sometimes fully cross their eyes. Is there any danger of the eyes remaining crossed?

A. Not if the child has normal eyesight and eye muscles. The minute a normal person looks away from a near point the eyes straighten...
