## Boenings Return From Florida After 3 Weeks

It is refreshing to talk to Mr. and Mrs. A. F. Boening of N. Cranbrook road who returned Friday from three weeks in Florida and report only one day of rain the entire time, and the rest were mild and delightful days.

They spent several days in Fort Lauderdale, Miami and Key West. In Sarasota they visited one of her lifetime friends with whom she grew up during her childhood.

At Daytona Beach they visited one of her sorority sisters and there encountered the one and only rainy day of the trip.

Along the entire way they visited friends whom they haven't seen in years.

They report the crop damage devastating in some areas but right in the same areas there were also vast sections completely unharmed. But they noted in lots of places there were stacks and stacks of rubber tires piled upon each other, about six to a pile, and down the center of the stack, paper had been stuffed.

These are in readiness for burning in case of frost. They burn for hours and special heat and smoke over the area and thereby protect citrus orchards and vegetable crops.

Mr. and Mrs. Asa Sherwood, Jr., of Covington road have returned from a three-week vacation in Naples and Fort Lauderdale, Fla.

They played lots of golf and had a nice time in spite of the weather being on the cloudy and chilly side.
