Berkshires Social Briefs

Sun tanned and relaxed, Dr. and Mrs. W. L. Christensen returned to their home on Kenwood Circle after a delightful two-week vacation in Montego Bay, Jamaica.

The couple stayed at the newly opened Holiday House, entering almost exclusively to American tourists.

Of particular interest to the Christensens was a visit to sugarcane and banana plantations in the cockpit country.

At most of the supper clubs frequented by tourists, the meringue and cha-cha music was popular. However, in the out-of-the-way native spots, rock, rock-and-roll and current American music vied and dances predominated.

Memories of the complex vacation have been recorded on film and with snapshots.

Calendar to Keep Franklin Posted

FRANKLIN—Coordinating dates for community affairs may well become a thing of the past if every Franklin organization takes advantage of the new WNFCA community calendar printed in the main lobby of the Franklin community church school building, says Mrs. Edvard Green, its instigator and secretary.

A large monthly sheet, spaced out to show each day and allowing ample room for all the important information, the calendar may provide a clearing house for interested dates.

Mrs. Green has informed every organized group in Franklin of its purpose and existence and urges leaders to refer to it or with her before making plans for events.

Many times in the past groups have been disappointed in the attendance for a program simply because one or more other groups had events set for the same time.
