Plaque for Charity

Women's District Bowling association, which is comprised of bowlers from various Country clubs, recently had their annual bowling luncheon, fashion show and business meeting at the Birmingham Country club. Every year the association helps to support a charitable organization. At the luncheon they presented Mrs. Katherine O'Conner, founder and director of Children's Orthogenic school, a check for equipment. Receiving a plaque from Mrs. O'Conner (left) for their contributions are (from left) Mrs. Ophia Morgan Black, Mrs. Gale Brainard and Mrs. Arthur G. Swenson. The plaque will be placed in the room furnished by the association.

Hardi-gras Carnival Time Is Set for May 2 at Harlan

It's Harlan Hardi-Gras time on Friday! These enthusiastic words are being echoed throughout the Harlan school area. There is so much to see and do for everyone at this first Harlan school carnival beginning at 8:30 p.m., that miniature Michigan Bell telephone books will be passed out at the entrance guiding people to all the attractions.

For young and old alike, there will be a "spook house" which will bring chills, laughs and even screams! The village store will be a "must" on the tour, with its handcrafts and accessories for the home and garden. The "fathers' section" of the bazaar will be a busy area, with dads donning baker's aprons and chef's caps, selling the wares that they had baked. For those who enjoy funny movies there will be Laurel and Hardy, Abbot and Costello and many others. There's a game area where you are bound to win a prize at either "Sis or Gold", "Sis or the Schmo", "Win a Gold Fish", "Guess your Weight" and others. "Pocket" will be strolling around the carnival giving out gifts. For those that grow hungry and didn't buy their buffet supper tickets before April 28, they can find booths selling hot dogs, pop and ice cream. At 6 p.m. sharp a shiny Michigan State police car will come to a halt in front of the school. Climbing out will be State Trooper Lieutenant Lester Coykendall, "crack shot" of the Michigan State Troopers with all his fire arms and weapons to give a safety fire arms demonstration in the school's multi-purpose room. John F. Ivory's ponies will be waiting to take the "little folks" for a ride in the Harlan parking area. In the same area will be the Vernon's carousel and a calliope from the Detroit Edison Co. So come early and stay late, one and all—p.s. the doors close at 8 p.m.

North Adams

The Thornwood Home Owners Association officers and residents met at the Oakhill drive home of the Robert Schwabs April 21. The meeting was a celebration—as the subdivision is now tied into the Evergreen interceptor.

Mrs. Don Burch of Chestnut Hill drive, Mrs. Marc Hagerman of Butternut Hill drive and Mrs. C. J. Birmingham are attending the Delta Zeta convention May 3 in East Lansing, Mich. A social luncheon will be given at Kellogg center with the presenting of state awards.

The Robert Wallace's hosted the newly formed Charing Cross Estates duplicate bridge club at their home on Tullamore drive April 23. This was the second meeting for the residents of the subdivision. The club is a mixed group and the "welcome mat" is out for new members. The club plans on meeting the fourth Wednesday evening of the month. The first display was held at the Burnley drive home of the Robert Kirchers.

Many North Adams parents hosted cocktail parties before attending the spring dance at Eastover school April 18.

Among the hosts were, the Emerson Houghs of Tutbury lane, the Harold Kalbfleischs of Malvern drive, the John Lillotes of Woodside court, the Robert Clarks of Greenacre road, and the George Jostick of Dowling road. The Hilbert Hirschfelds of Brethry drive entertained after the dance.

Included in the group were the Clare Hinkleys. Mrs. Hinkley is the second grade teacher at Eastover.

The April 14 cub scout pack B-31 meeting was held in the Harlan school multi-purpose room. Twenty-eight cubs were given awards during the evening.

May 10 the cub scouts and their dads are planning an all-day trip to the Groose Lake naval air station.

A "Science Fair-Open House" was held at Eastover school April 21. Each class room displayed a phase of science.

A collection of rocks, shells, chemical garden, aquarium and a farm were on exhibit in the kindergarten. The first grade had an assortment of blood suckers, salamander, frog eggs and snakes.

Simple chemical and plant experiments were offered by the second grade. The third grade had the help of Dr. Albert Ulbrich with their display of a human heart, in two sections. Also on display were skulls ranging from a hawk's to human.

The third grade children presented a small zoo of live animals which included, toads, frogs, snakes and baby goats. To one side was an arrangement of clay
