Please All the People All the Time Never!

By NITA BARD

Franklin—Papa’s going to be another man’s papa— and if you don’t believe it, you’ve got to come down to church and hear me say it! It’s true, the girl has had another son. Young Reverend Dickinson, who is the pastor, was so excited about the birth of his own new baby that he forgot all about his big church service. So much for his preaching! And, true to form, he got married the same day! But we’ll talk about that later. For now, let’s get down to business.

For about a month now, Reverend Dickinson has been working on a plan to bring all of his people to the church. He’s come up with a clever idea: a meeting place for all. You see, the church has been having a hard time attracting new members. So, Reverend Dickinson decided to do something about it. He invited all the people in town to come to the church and hear him talk about his plan. It was a success! The church was filled to capacity and everyone was eager to hear what Reverend Dickinson had to say.

The new plan involves creating a community center in the church. This will be a place where people can come together to learn, grow, and support each other. Reverend Dickinson believes that by creating a community center, the church can become a真正的家 for all people. He’s already started working on the plans and he’s excited about the possibilities.

But Reverend Dickinson knows that this won’t happen overnight. It will take time and effort. He’s already started raising money for the project and he’s hoping to get enough support to make it a reality. If you’re interested in being a part of this exciting project, please come to the church and talk to Reverend Dickinson. He’d love to have your support.

In conclusion, Reverend Dickinson’s plan is a great idea. It has the potential to bring all of the people in town together and create a sense of community. We all need a place to belong, and Reverend Dickinson’s plan could be the answer. So, let’s get together and make it happen! Thank you for your support.

**Westwood Housewife Checks Home Ideas**
