BHS Musicales Junior League Meets

The Birmingham Musicales Junior League held a meeting last Thursday at the home of Judy Mork, 1860 Pine. Plans were made in the business meeting to attend several concerts, and they will skate together sometime this winter at the home of Kathy Olmstead.

The next meeting will be in December, when the club plans to send card singing in Shain park.

The Birmingham high school debate team swept four victories in last Friday's debate at Pershing high school. This gives the team a perfect record to start the season. Tomorrow the team will meet Country Day always a powerhouse in debate. The team's relative inexperience has not been a deterrent factor thus far.

BUNA is sponsoring a drive to provide clothing and toys for European refugees in West Germany. The club made the decision after hearing about the problem at its last meeting.

The membership committee is now preparing a list of new members.

Barnum JHS

Barnum Holds Open House For Parents

By PATSY GORDON

Barnum held its annual open house Nov. 13 for parents. Parents visited classrooms and met teachers. During the scheduled hours, the parents were entertained by the eighth and ninth grade choirs.

Cooking was handled by members of the National Junior Honor Society and the officers of the Home Council and the President's club. The parents seem to enjoy this rather strenuous evening.

Last night was football recognition night. This event was for eighth and ninth grade football players and their dads. Howard "Huskins" Cassidy, running back for the Detroit Lions was guest speaker. Coaches Gibson, Hall, Hudoff, and Stinski helped plan this PTA sponsored event.

"Fantasy in Frost" is being sponsored by the ninth grade choir, under the direction of Miss Brooks. This dance will be held Friday from 7:30-10:30 p.m. Committees for this dance are refreshments, Poetry Compositions, publicity and clean up. Sally Bowring and Pat Fenderson; chaperones, Ruth Ferguson, Secretaries, Sue Collins and Francis Quillian; and tickets, John McCracken.

We at Barnum are very proud of our counselor, Miss Marie Brice, who recently received the honor of "Teacher of the Month" award from the Birmingham Education Association. Miss Brice is always willing to help students and their parents.

The Ink Splash, Barnum's student newspaper, which is printed five times a year is close to press deadlines. This will be the first edition of the school year and is being put together by Mrs. Nelson's fourth hour class of ninth graders.

HOLIDAY PARTY RESERVATIONS!

With only a few weeks until Christmas and New Year's Eve, make your party reservations now at the Detroit-Land.

• Experienced staff to assist in arrangements.
• Refreshments served.
• Refreshments served from a dance in 1958.

gaining new members. So all who take French are encouraged to inquire for membership details. Keep an eye open for posters announcing meetings.

There's a standard joke in BHS.

French classes! Students were studying a book entitled, *Grace Pour la Terre*, which means "Grace Again For The Earth." Some students, however, translated the phrase literally. "Thanks Again For The Dirt."

Just Think!

You can be playing carols before Christmas!

from \$995

One of your biggest thrills in owning a CONN comes right at the very start. You'll find to your delight you can play simple melodies and chords—even if you've never touched the keys before.

The first day, and already your satisfactions have begun.

Then how they multiply as the days go on! In no time, it seems, you're trying new effects—a light-hearted run, a full-throated crescendo—marveling at the tones you bring forth.

How often, now, you'll pride yourself that you chose a real organ. Not a toy, not a makeshift, but this superb instrument, kin to the mighty pipe organ. How often you'll reflect too, on the far-visions... the timeless rewards as measured against the price.

What price? Actually, you can buy a fine CONN Home Organ for as little as \$995... choose from a full range of models and finishes.

A REPORT TO DETROIT EDISON OWNERS, CUSTOMERS AND THE PUBLIC

On November 17, Detroit Edison was host once again to its stockholders at the Annual Informational Meeting held at the Henry and Edsel Ford Auditorium in Detroit. The company's management reported to its owners what progress has been made, what plans it has, and how it is continuing to help everyone in Southeastern Michigan to live better electrically. Here is part of the story:

Walker L. Ciolek, President
The Detroit Edison Company

Detroit Edison builds for the future—To meet the demands for more and more electricity, Edison is continually expanding and improving its facilities. On October 20 the third steam turbine-generator at the River Rouge Power Plant went into operation. This new 321,500-kilowatt unit brings the capacity of Edison's electrical system to nearly 3 1/2 million kilowatts. And there is more to come. Two new 325,000-kw. turbine-generators are being added to the St. Clair Power Plant—one in 1959 and the other in 1961. Both are forward-looking projects to permit Edison to supply power in any amount, large or small, to any of its one and a quarter million customers anywhere in its service area.

Modern living is electric living—Those things which make yesterday's dream home today's reality are electric. New comforts, conveniences, power savers are built right in when homes go up. For instance, the Gold Medallion homes—the ultimate in electric living—include electric space heating, the most significant advance in home comfort. Every day in many new ways electricity is proving more and more versatile in the home, in agriculture, in business and industry.

Area development—Detroit Edison will continue to promote broader recognition of our State's exceptional industrial advantages. By working closely with communities in its territory and through a national advertising program, new industry is being attracted to Southeastern Michigan. This means new jobs and increased commerce of all kinds.

Atoms for peace—Detroit Edison is a member of the Power Reactor Development Company which is building the reactor portion of the Enrico Fermi Atomic Power Plant. The 91-ton reactor vessel, heart of the project, was set into place during April and assembly of related equipment is progressing as planned. Each day the target date for nuclear operation, late in 1960, comes closer—the date when private industry will have made another big contribution to the nation's atomic leadership.

Electric dollars work hard—We will continue to plan for the future to provide even better service at the lowest possible cost. The rates for our service have not changed since January, 1949, except for metal melting and steam service. With continued increases in the cost of equipment, supplies and fuel, in payrolls, and in all other expenses, there may be limitations on our ability to offset rising costs with internal economies indefinitely. We will, however, endeavor to make every dollar work hard for the Company's owners, customers and employees.

Customer-Owners

Of the nearly 100,000 stockholders, 70% live in Michigan and 60% are customers of Edison service. Service is a big word at Edison; for in addition to adequate electric power, it means a complete electric service. Appliance repair, light bulb exchange, advice on industrial and commercial lighting, a new fast recovery hot water supply, tips for homemakers—these are only a few of the special services offered to Edison customers.
