Most People Wouldn't—But Girl Scouts Did . . .

WING LAKE— . . . pet a wild porcupine! The exciting event occurred Wednesday when troop 107 visited Mort Neff's TV show.

The 14 girl scouts from the Wing Lake-Foxcroft area toured the TV studios with their leader, Mrs. Carl Burnett and co-leader, Mrs. Ray Smith.

They also saw the sets for all the live programs, rewrite rooms, advertising rooms and the art department. The girls were thrilled to see themselves on the monitor before the show.

Mrs. John McKee, Mrs. William Rodger and Mrs. Bernard Rick chauffered the girls to the TV station.

According to young boys, being a cub scout is a heap of fun. But they will all tell you that the "funest" part of all is the Pinewood Derby race. And this big event of the year for pack B-6 happened Monday at Wing Lake school.

The excitement of the race had everyone literally screaming in the aisles when William Beebe, judge of speed, declared Charles French the winner with Larry Ball a close second.

Cub scouts and fathers spent many hours designing and building the small five-ounce racers but there were two well-qualified judges on hand to select winners for craftsmanship and styling.

Sharon Richy, assistant chief engineer for Buick Motor Division of General Motors Corp. was judge of craftsmanship. John Glass was awarded first place and James Pokorny, second place.

For styling the judge was Roy Brown, executive stylist, Ford Styling office. He awarded first place to Larry Ball and second place to Charles French, making these boys double winners.

Each first place winner received a color rendering of a dream car and second place winners received a scale model Edsel.

The names of the three first place winners will be engraved on the Pinewood Derby plaque.
