Mrs. Willett Asks

Sidewalk on North Side of W. Maple

The well-worn dirt path on the north side of Maple, from Southfield to Lake Park, should be paved with concrete, Birmingham City Commissioner Florence Willett believes.

"There are several places where there are too many trees or too close to the roadway," she pointed out.

Other commissioners didn't warm to her suggestion. They concurred with Commissioner William Burgen, who said he could think of a "lot of other places where we could spend the money where there is a greater need."

Lions Concert Is Success

Over 2,000 people attended the Autumn Leaves concert presented by Roger Williams at the Birmingham high school auditorium last Wednesday. The program was sponsored by the Birmingham Lions Club. Lions president Dick Young described the concert as being "very successful" and said that he had heard nothing but good reports on it. Williams is shown playing a selection from his popular album, "Song Hits of the Fabulous Forties." He also played "Autumn Leaves," the song hit which first brought him fame. Over three million copies of the recording have been sold. Photo by Doug Ashley.
