

B'ham and Detroit Train Schedules

A consolidation of Grand Trunk Western commuter train schedules between Detroit and Birmingham was announced here today by H. J. Wichman, GTW ticket agent.

Effective Sunday, the through train, Inter-City Limited, will operate on the schedule of Train 70, leaving Birmingham at 6:51 a.m. and arriving in Detroit at 7:35 a.m. Train 19 will leave Detroit at 1:45 p.m., arriving in Birmingham at 5:40 p.m., and Train 77 will leave Detroit at 6:20 p.m., arriving in Birmingham at 6:52 p.m.

MR. WICHMAN also announced a change in the through schedule

effective Sunday. The Inter-City Limited will continue to leave Birmingham at 2:12 p.m. (Eastern Standard Time), but will arrive in Chicago at 7:45 p.m. (Central Standard Time), 35 minutes earlier than the present schedule.

Ordinance Hampers Desirable Rentals, Owner Asks Help

to Chicago, which also will be effective Sunday. The Inter-City Limited will leave Chicago 10 minutes earlier than at present, at 10:30 p.m. (CST) and will arrive in Birmingham at 6:51 a.m. instead of 7:08 a.m.

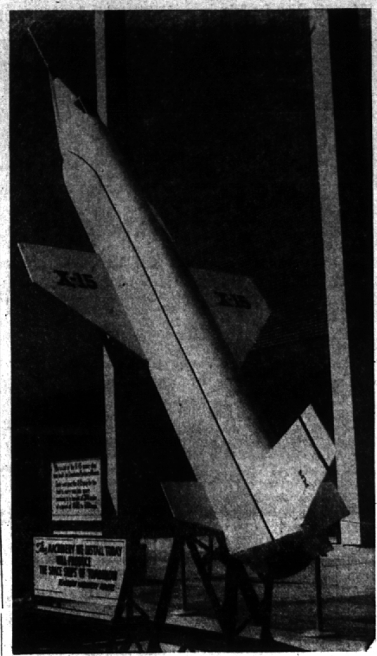

What do you do when you can't find the particular type of business tenant a city ordinance limits you to? Or desirable residential tenants?

Mrs. Thelma Chenuit, 200 Park, asked these questions Monday night of Birmingham city commissioners. They didn't give her the answers—yet.

They said they'd ask City Manager L. R. Gare and City Attorney James Howlett to look over the ordinance, then report back next Monday night.

MRS. CHENUIT explained her problem: she can only rent to professional people. Or she can rent to what she feels are undesirable residential tenants.

"And all the professional people apparently are satisfied in the new office buildings," she said. Here is a frame residence zoned for business use.

Will Display X-15 Model

A 1/2 scale model of the nation's new experimental X-15 rocket ship will go on display Monday at Schutz Motors, Inc., 912 S. Woodward. The model will be on display along with the new 1959 Plymouths and DeSotos, which sales manager, Dan Schmidt, describes as being "out of this world."

BITS OF BIRMINGHAM

When George Ross, East Maple Jeweler, decided to stock electric organs, he took on more than he bargained for and now he is an organist. Of course, when he sell electric organs, you have to demonstrate them. So, George had to have lessons. And lessons he took, from none other than Ole Poerch, resident of Franklin and an outstanding Detroit organist for years.

Your oaks been looking skinny lately. They might have "Buculatrix canadensisilla", or "oak-skeletonizer", a type of leaf-mining moth which has been rampant in Detroit and suburbs this fall.

Channel-Filling Alarms Residents On Brookside Dr.

Brookside avenue residents this week found out that the city knows what was going on behind the Woodward businessmen to the west—but is in no position to do anything about it.

Brookside residents protest the encroachment on the natural appearance of the river valley. The Reid interests own the dried up channel and can fill it as long as it does not interfere with the natural flow of water.

COMMISSIONERS asked him to determine who owns a platted driveway between the westernmost channel and the island owned by the city.
