**Just Think!**

You can be playing carols before Christmas!

from \$995

One of your biggest thrills in owning a CONN comes right at the very start. You'll find to your delight you can play simple melodies and chords—even if you've never touched the keys before.

The first day, and already your satisfactions have begun.

Then how they multiply as the days go on! In no time, it seems, you're trying new effects—light-hearted rags, a full-throated crescendo—marveling at the tones you bring forth.

How often, now, you'll pride yourself that you chose a real organ. Not a toy, not a makeshift, but this superb instrument, kin to the mighty pipe organ. How often you'll reflect too, on the dollar-wisdom... the timeless rewards as measured against the price.

What price? Actually, you can buy a fine CONN Home Organ for as little as \$995... choose from a full range of models and finishes.
