Mrs. Thomas Stacey of Niagara, division chairman of this area for this year's United Foundation drive, held a meeting of her area and district chairmen at her home Sept. 18.

Her 10 a. m. buffet was centered with an arrangement of dahlias, six inches in diameter, from her garden.

Making plans for recruiting solicitors for the Torch Drive were area chairmen, Mrs. R. E. Bohner and Mrs. Joseph Just; district chairmen, Mrs. John Doyle, Mrs. Julius Pochelson, Mrs. Robert Doney, Mrs. Gordon Fowle and Mrs. Edward Schenck.

Each of these women will be having meetings with their solicitors before Oct. 31. The women's division of the Torch Drive will be Oct. 14-24.

Richard Gilpin, son of Dr. and Mrs. Watson Gilpin of Niagara, entered his freshman year at the University of Michigan this fall. Majoring in electrical engineering, he is residing at Lloyd house, W. Quad.

Richard is the third generation in his family to attend the U. of M., following his grandfather, mother and father, all of whom are graduates.

Dr. and Mrs. Watson Gilpin, daughter Susan and son Dick, spent a recent month's vacation visiting the Bay of Fundy in Nova Scotia.

They chose this trip after reading an article called "The Giant Tides of Fundy" in National Geographic magazine.

The tide comes in and goes out faster, eight miles an hour, and is deeper, 40 to 50 feet, here than anywhere in the world. Coming in with the tide is "dulse," a seaweed-like vegetation which the people dry and eat as a snack.

Being a family of naturalists, with geology as their hobby, the Gilpins found it thrilling to gather algae and amethysts at Parnobay on Partridge island while the tide was out.

Jaycees to Organize Group in Southfield
SOUTHFIELD: The first organizational meeting of the Southfield Junior Chamber of Commerce will be held at 8 p.m. Sept. 29 at the home of the Highland Park JC president, Robert Mulligan, 150 Mead.

Men between 21 and 36, interested in the organization, may call Superior 8-6600 for further information.

Davy Jones is the popular name of sailors for an evil sea spirit or the devil generally.

Because of the roads practically impassable because of their ruts and rocks. Consequently, the Gilpins found their car badly battered and beaten when they left but heartily agree with the writer of the article that it is one of the wonder spots of the world to be visited.

Bingham Council Does Slow Burn Over Fire Fees

BINGHAM FARMS—Residents in this sedate little community are going to get a gentle nudge from their council soon... via the U.S. mail.

Seems they've been looking upon the service rendered to them by the Franklin Volunteer Fire department, a little too casually.

Councilman James McGuire reported Monday night that records show Bingham residents are not paying their share of the \$15 per family annual dues requested of every family within the Franklin fire district.

Nor have they any active representatives on the fire fighting force, which is manned totally by volunteers living in Franklin, Bingham, Woodstock, Meadowlake, West

Bloomfield and Southfield townships.

THE LACK OF participation, both financially and physically, may be due to the ignorance of the fact that this is the only fire fighting unit which will respond should a fire occur in Bingham Farms.

"Some of our people seem to think the Southfield or Birmingham fire departments are their protection," council president, Clyde Hawley said. "Some of them may even think they've paid for the fire service when they paid their village and township taxes."

McGuire was instructed to draft a letter of information for residents which the council will circulate at its next meeting.

Return From Trip
Mrs. Frances Barrett and father, W. J. Mulligan, just returned from a two week trip to Chicago and Milwaukee where they visited friends. They also stopped at the Wisconsin Dells, Copper Harbor and Harbor Springs.
