High school chemists and steelmaking chemists compared notes recently when science students from BHS and their teacher visited the Gary (Ind.) Steel Works of United States Steel Corporation. One of the highlights was a visit to the plant's chemistry lab where they watched chemist technician Mrs. Esther Simpson analyze a sample of steel to determine the amount of phosphorus it contained. Left to right are Walter Schmiegel, Tom McKenize, Paul Simmons, science instructor Carl H. Zwinck, Jay Thomsen and Dale Porter.

Science Emphasis Leads BHS Students on Tours

The emphasis today on chemistry and physics led several Birmingham High students and their instructor to Midland and Chicago during Easter vacation. Carl Zwinck, former college instructor and employer of General Electric, took his BHS students to see the parade of progress of science in industry. Chemistry and physics students were given a tour March 30 of the Midland division of Dow Chemical Research and production facilities, training and employment of chemical industry personnel were highlighted for students and parents who attended the career conference following the tour.

The THIRD DAY began with a tour of Zenith Radio corporation production and engineering facilities. There students saw work on color TV and an all-transistor television set, neither of which are currently available to the public, and pay-television, for which tests have recently been authorized in Washington.

Tours of Standard Oil Company and the Union Carbide Chemicals company were made; no other high school group had ever been given a tour at the Standard Oil Whiting plant of the second largest chemical company in the U. S.

FOLLOWING visits to numerous other points of interest they toured Northwestern university in Evanston, Ill. Physics, chemistry and astronomy departments were scrutinized in detail. An evening physics class, which featured demonstrations of conductivity in glasses, was attended.

BIRMINGHAM STUDENTS toured the Research Institutes at the University of Chicago, April 3, including atomic energy research begun there by Fermi and others, and the largest steel plant in the world.

Manne Hill, IBM 650, 704 705 Remington Rand Univac, and other digital computers were seen on the Chicago tour. Students were impressed by the extensive use of mathematics made in industry today. They saw that both technical

LEGAL NOTICE
All creditors or claimants against the above estate are further notified and ordered to prove their claims at said hearing and prior to said hearing in the written claim therewith, with this Court and with the Secretary of this estate, in due season, containing sufficient detail reasonably to inform the Secretary of the nature and amount of the claim. If a further Order that notice be given to all interested parties as shown by the index in this estate is necessary, a copy of this order to each of them personally, or by mailing such copy to each of them by registered mail with return receipt, or by mailing such copy to their respective last known addresses as shown by the files and records in this cause. And it is further Ordered that public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing in the Birmingham Eccentric, a newspaper printed and circulated in said county. ARTHUR E. MOORE, Judge of Probate. (4, 5, 6)

Cranbrook Corridor

By DON CUMMINGS

On April 23rd and 24th the sixth annual World Affairs Seminar will be presented by the Kingswood and Cranbrook history departments for the purpose of better educating the Kingswood and Cranbrook students, who, for the most part, are not well informed on the subject of world affairs. The lecturer for this year's seminar will be "Africa, south of the Sahara," and "Africa, the New Freedom."

On the evening of April 23rd, Mr. George M. Houser, executive director of the American Committee on Africa, will lecture at the Cranbrook House. His topic will be "American stakes in Africa."

Also speaking in this year's seminar will be the following persons: Mr. Pierre Boyer, representing France; Lord Nicholas Gordon-Lennox, representing Great Britain; Jean-Ali Quatermain, representing Guinea; and Jan-Albert Cozart, representing Belgium. The representatives of France, Guinea, and Great Britain, are from their embassies in Washington, where they all hold high positions. The representative of Belgium is from the Belgian Information Service.

It is also hoped that two additional speakers will be obtained. One speaker would be from either Nigeria or Uganda, and the other would be from the Union of South Africa.

A total of eighty students from Kingswood and Cranbrook, all juniors and seniors, will attend the seminar. The speakers will alternate between the two schools both days.

Last year the topic concerned Nato, and the year before, the Middle East. By coincidence the subject of the Middle East was so close enough to the Suez invasion of the preceding year and as a result, strong feelings among the delegates was apparent. This is always a possibility with a seminar of this type.

Spring vacation ending, Cranbrook and Kingswood students resumed classes on April 8th. On Saturday night, April 11, an informal dance, sponsored by Cranbrook's social committee, was held in the auditorium at Cranbrook. This followed the movie program and was enjoyed by the many students whose minds still contained vivid memories of vacation.

LEGAL NOTICE
Sheffield Hartman, Reitz & Tall, Attys., 2506 Doss Building, Detroit 26, MI 238
STATE OF MICHIGAN — The Probate Court for the County of Oakland, In the Matter of the Estate of MARTHA RIBBEALL, Deceased.
At a session of said Court, held at the Court House in the City of Pontiac, Michigan, on the 7th day of April, A. D. 1959.
Present, Honorable Arthur E. Moore, Judge of Probate.
In the Matter of the Estate of ALBERT W. FRENCH, Deceased.
Hilda French having filed a petition praying that an inventory of the last will and testament of said Albert W. French, and that administration of said estate be awarded to her, and that the executor named in said will or to some other suitable person, on the 7th day of May, A. D. 1959, at a Probate Office, in the forenoon, at said Probate Office, in the County of Oakland, Michigan, be appointed for hearing said petition, a copy hereof, once each for three successive weeks, previous to said day of hearing, in the Birmingham Eccentric, a newspaper printed and circulated in said County, and that promulgation cause a copy of this notice be served personally or by registered mail, return receipt demanded, to each and every heir at law, devisee and devisee at least ten days prior to said day of hearing.
ARTHUR E. MOORE, Judge of Probate. (4, 5, 6)
