SECTION  
B

On a par, certainly, with most subjects in the educational program is one we may label "good manners." Too little attention, I think, is paid to the need for teaching (by example as well as precept) youth the wonderful personal returns that society pays to those who are practitioners of "good manners." This possession, "pays off" everywhere.

## Winter IS a Wonderland!

When you look at it by day, and have to drive or walk over it, the ice and snow in and around Birmingham a while back made one think of the beastliness of winter. But winter is a beauty, too, and that makes it a

wonderland. Birmingham photographer Maurice H. Smith captured some of Birmingham's beauty in a late evening photograph of ice covered trees along US-10, looking north from Lincoln avenue.

## Necessity Declared On 2 City Projects, 2 Others Postponed

Birmingham city commissioners have declared necessity for two paving projects, but postponed hearings on two others after listening to the opinions of several residents.

The projects declared a necessity were the paving of Frank street from Woodward to Ann, and the Ann-Landon pavement.

Ann will be paved from Lincoln to Landon and Landon from the west property line of Ann to Woodward.

A third paving project, Landon-Purdy-Ann, met with opposition from some residents and home owners, while others were in favor of the project.

Under the proposed improvement plan Landon would be paved from the west property line of Ann to Purdy, Purdy from Brown to Landon and Ann from the north property line of Landon to Frank.

After an hour's discussion on the project, commissioners decided to postpone the hearing and one on the acquisition of property on Landon until April 6.

## Motorists Warned Not to Leave Keys In Automobiles

An increase in the number of tickets for leaving keys in the ignition, or leaving the ignition in an unlocked position brought words of warning from Birmingham police Lt. Robert Schaula this week.

Schaula said these two violations were the contributing factors for the high rate of auto theft in this area, which has increased 39 per cent in the last three years.

He pointed out that most auto thefts are committed by juveniles and leaving keys in the car, or the ignition in an unlocked position just made it easier for the thief.

"THESE TWO offenses are in violation of the city's traffic ordinance," said Schaula.
