Long Lines Not Unusual at Library

It gets crowded on both sides of the main desk at Baldwin public library. Three to four library workers must work in the congested area behind the desk while long lines of patrons wait on the outside to have books checked in or out, or to use one of the library's many facilities. Miss Jean Lloyd, librarian, said the congested conditions dis-

couraged many patrons from visiting the library. She said the main desk is only a third of the size it should be and that workers do not have adequate work space. The proposed library addition would provide a larger desk and a workroom, which would give personnel more space plus alleviate crowding.

Pierce School Boy Will Attend Safety Patrol Rally

Pierce school has been invited by Automobile Club of Michigan to name its top safety patrol member as Birmingham's official delegate to the 23rd National AAA Safety Patrol rally in Washington, D. C., in May.

The youngster will join 100 other outstanding patrol members from 85 Michigan communities for a four-day, all-expense trip as guests of the Auto Club, May 7-10.

"The schools were selected by members of our safety consultant staff on the basis of activities and efficiency during the past year as shown on monthly reports," Ernest P. Davis, Auto Club safety director, said. The schools will choose their top patrol members in the next two weeks.

THE PATROLLERS will gather in Detroit May 7 and leave for Washington where they will spend two full days meeting leading government officials and seeing famous and historic sites.

Climax of the rally is the march down Constitution Avenue of over 30,000 patrol members from across the country. The giant parade, which includes television and movie celebrities, is the largest held annually in the Capital city.

The Washington trip is sponsored annually by Auto Club to honor Michigan's 50,000 safety patrol members for outstanding service to classmates at 2,200 schools. Nearly 2,500 youngsters have made the trip since 1936.
