School Board Tackles HS Completion Details

The final details in the opening of a new school are now pressing themselves on the Birmingham Board of Education. The board in its recent meeting tackled the problem of water and drainage, approved the color scheme and okayed the purchase of the school's furniture.

Board members were told the water supply and sewage disposal would present greater-than-normal problems, at least for the first year.

THE LONG-DISPUTED, long-delayed Evergreen installation threatens not to be completed on schedule, said Linn Smith, of Smith, Tarapata and McMahon, architects. Smith told the board that he had consulted Westwood engineers on the water problem.

They recommended that the school district extend a Detroit main from Beverly road to the school site, 13 Mile road and Evergreen. The cost, he said would be about \$37,000.

"Tap in" fees could recoup some of the expenses, when neighboring communities use the school's main. A well would prove more costly in the end, he said.

Sewage would have to be stored in tanks and hauled away by truck. Installation and eventual removal of the storages tanks would run between \$4,000 and \$5,000, hauling costs from \$75 to \$150 per day.

NORMAN A. WOLFE, assistant Superintendent of Schools, is now studying the possibility of buying the trucks and hiring drivers for the job.

Smith described the school's color scheme as being "simple, sophisticated and gay."

It is based, he said, on four neutral colors. Gray asphalt, tile is used throughout the school; ceilings are white; and the roof edge, as well as exposed parts of the structure, are a dark amber.

THE USE OF about 15 other colors on doors, frames, windows, sections of corridor walls will keep the interior's eye appeal, Smith said.

Each corridor and each specialized section will have its own set of harmonizing colors, he explained.

Board members appraised a \$18,449 bid for "top line" furniture from the Brunswick-Balke company. After the bid was submitted, the firm announced a ten per cent reduction in prices, cutting the cost to \$43,005.

"IT WAS NOT so much a question of price," said Dr. Dwight B. Ireland, School Superintendent. "It was one of general appearance."

CAMP HAZA WITKA

The Camp For Boys
Arbutus Lake (near Traverse City) Michigan
25th Season June 27 - August 8
Six weeks of real living in a real camp
Riding — Rifle — Archery — Sailing
