## Three Birmingham Residents Studying in Mexico City

MEXICO CITY—Situated in the mountains at the edge of cosmopolitan Mexico City is a small liberal arts school, Mexico City college. Among the 800 or so American students now in attendance are three residents of Birmingham.

They are Daniel Hendrickson and his wife, Janith Louise, son and daughter-in-law of Mr. and Mrs. W. A. Hendrickson; and Richard Henderson, son of Mrs. Elizabeth Henderson of Ingleside.

HE ALSO SERVED in the United States Marine Corps. His previous employment includes that of pattern maker and radar technician.

NOW A SOPHOMORE at Mexico City college majoring in business administration, Hendrickson and his wife, Janith, plan to remain until he receives his degree.

MEXICO CITY is an ideal spot for students from all over the world to meet, for the capital city offers top attractions educational and socially in a variety of languages and through the media of art, music and athletic activities.

EXCELLENT opportunities are offered at MCC to master the Spanish language quickly and painlessly by living Spanish day and night. Students room in college-approved homes with Mexican families, thus having every facility for practicing and supplementing what they have learned in classes.
