

Dishmaster Opens New Branch Office

Mrs. Robert Zimmerman, of Pontiac, won a new Dishmaster Imperial as the door-prize at the grand opening of Dishmaster corporation's new factory branch, display, sales and service center on Woodward just south of Square Lake road.

Robert E. Weber, of Bloomfield township, president of Dishmaster, reported that an unprecedented demand for the new model may force the company to expand again. If Dishmaster does build another plant, it will be constructed in south Oakland county, Weber said.

swinging panel unit will show the customer the exact color he is looking for, Sappington said.

This color arrangement allows the customer to return to the store later on when he decides to repaint the room or use the same color in another room.

The system also allows the customer to get exactly the right shade in deciding interior color schemes to match or contrast with furniture.

B'ham Paint Installs New Color Machine

The Birmingham Paint company, 315 E. Maple, Birmingham, is the first company in Michigan to install the Mow-G-Matic paint machine, according to J. Marshall Sappington, owner and manager.

This new machine will make it possible to supply home owners and painting contractors with a wide variety of special paint colors in a matter of minutes.

BOTH INTERIOR and exterior paint can be tinted automatically at a reasonable cost.

WHAT DOCTORS SAY ABOUT
Heart Trouble
Perspiration
Q: "I've recently lost a blue baby who lived just seven hours. The opening in the heart must have been too large or wouldn't close. Does this happen often? Will it happen to us again? What can be done to prevent such things?"—Mrs. D.
A: There is no easy way to describe the heart and the various things that can go wrong but the accompanying diagram may help. The heart develops from a single tube that nature must twist and mold into a four-chambered pump. This entire process takes place between the fifth and eighth weeks of fetal life. Defects in the developing heart can sometimes be explained but, more often, nature just seems to make a mistake for no accountable reason. Fortunately, congenital heart defects (flaws present at birth) are comparatively rare. There is no way to guarantee a perfect performance by nature every time.
Answer do not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease is the function of the patient's personal physician.

JUST WHAT IS MADRAS? Authentic Indian madras (the only kind you find at the Village Store) is woven in India in sixteen yard lengths, then the pattern changes. You'll never see yourself coming down the street when you wear madras. Don't try to match madras. Unmatch it in the maddest way. Madras is woven damp to make those muted murky colors. It bleeds when you wash it into even lovelier colors. At the Village Store we're collecting madras. Indians even come to us for madras. Why don't you?
