**Name Cartwright GM Director At Transmission**

O. W. Habel, general manager of Detroit transmission division of General Motors, announces the appointment of Philip E. Cartwright, 1885 Brookwood, Birmingham, as director of reliability.

Cartwright began his career with General Motors as an hourly rated worker at the Chevrolet gray iron foundry in Saginaw. Later the same year he went to the Oldsmobile division as an inspector.

In 1935 he went to the Fisher Body division as an electrician in the plant engineering department, advancing to an assistant foreman before returning to Oldsmobile in 1941.

Through a series of promotions he became, in 1947, general supervisor of plant layout and, in 1951, superintendent of maintenance at Oldsmobile's jet engine plant.

In 1952 he moved to Detroit transmission division, where he was appointed director of work standards, methods and plant layout. In 1956 he became director of quality control.

The Answers to Your Gardening Questions by Bob

QUESTION OF THE WEEK: Should the soil be packed very firmly around the roots of a newly planted shrub?

BOB'S ANSWER: By all means pack the earth firmly so there will be no air pockets around the roots when the job is complete. Leave the earth depressed with little around the trunk of your shrub so water won't drain away from it.

**Meet David C. McClary**

"Dave" is one of the younger Goodbody representatives, active in the securities business since 1954. He is a graduate of Michigan State—and his clear thinking has given him a thorough grasp of the pitfalls, as well as the opportunities, found in today's fast changing economic scene. Time and again, Dave has proved himself a real expert at spotting those "special situations" that may benefit a customer. Yet, Dave will never make a move until he has examined the risk possibilities first!

Like every Goodbody representative, Dave offers truly competent brokerage advice and service. This is possible because Goodbody's well known and highly respected Research Department keeps him constantly abreast of market facts and possible trends. How about calling him today at:
