From where I sit... by Joe Marsh Junior's Name was "MUD" Red Jackson's seven-year-old, Junior, was passing by the local beauty parlor the other day. He looked in the window and saw a lady with one of those mud packs on her face. Busting with curiosity, he walked in and asked her why she had all that stuff on. The lady was taken back for a moment but politely answered, "It's to make me look pretty." When the beautician removed the mud pack, Junior took a close look at the lady and commented, "It didn't really work, did it?"

MOST ADVANTAGEOUS MUNICIPAL PRICES Even when tax exemption meant very little, due to low income tax rates, yields were not equal to those available today. Let us explain how a 14% tax free bond is equal to a 12% return on a stock if you report a net income of \$35,000 for income tax purposes. Books Good Choice For Gardener's Gift

By ALICE WESSELS BURLINGAME Special Writer for The Birmingham Eccentric

Additions to our home libraries often are made at the holiday time. Here are some suggestions for those on your gift list who have gardening as an avocation.

"America's Garden Book" by James and Louis Bush-Brown is a number one choice for basic gardening. It is a new edition of an old favorite and is enjoyable with its up to date approach to general gardening. It has a fine gardeners' calendar, notable gardens to visit in the United States; the entire book is bursting with helpful illustrations.

"Potted Propagation," by Montague Free has at least two pictures on every page as it guides you on the fine points of taking cuttings from your plants and the various techniques to make a real challenge. If your gift is for a recent retiree, they will find in this book fascinating projects to make gardening conversational pieces for hard-working business colleagues.

"Flower Arranging For Fun," by Hazel Peckinpugh Dunlop is the best arranging book I have seen released this year. The contents of the book draws on the Japanese training of the Detroit author. The description of procedure is good and arrangers will find this book surpasses most publications in this field.

STATE OF MICHIGAN — The Probate Court for the County of Oakland. A session of said Court held at the office in the City of Pontiac, Michigan, on the 16th day of November, 1959.

WE BIRMINGHAMITES should be so proud of our Kathleen Alcorn who lives on Oak street. For years she has had the contemporary design of an all purpose tray which she has undauntedly hoped to produce this undated aluminum tray. It comes in turquoise, blue and gold and can be seen by our florists.

"JUST GIVE it to a woman and she will find a thousand uses," claims this homemaker who didn't take the easy course and allow an idea to get away. Over a year ago she asked my opinion and I agreed to help her. So many of us have ideas for gadgets to make hobbies more enjoyable and what do we do about it. Cheers for Kathleen Alcorn.
