Laughter Rings Out At Childrens Home

There are many laughing and happy children at the Oakland County Children's Home in Pontiac as a result of "Operation Sports Equipment" and Mrs. Norman Terry of 4857 Dover court.

Mrs. Terry has been making trips to Pontiac with her car laden with toys, stolls and other desperately needed sports equipment that have been donated, to help Hal Newbous, former ex-fighter, in his winter sports program. Benefiting from his help and attention are more than 200 children, ranging from the toddler age through the teenagers.

More outdoor equipment is needed. The babies and little children were given toys during the holiday season, but the teenagers were almost forgotten.

They are without the "little things" that are so important at that age. For those North Adams parents looking around their homes now that the rush of the holidays is over... here are just a few of the things these teenagers would treasure:

For the girls: scarves, lipstick, nail polish, powder (bath and face), bobby pins, hair curlers, jewelry and stuffed toys for their beds. The boys' eyes would twinkle over: ties, scarves, gloves, combs, cream pomade, games.

Items big or small can be dropped off at 4857 Dover court home of Mrs. Terry or at the Alan Yates home, 2825 Bolingbroke.

The Hilbert Hirschfelds and daughter, Vicki, of Bretby drive, are home after spending three weeks in the Hawaiian Islands.

Their trip began Dec. 8 when they motored to California and from there boarded a plane for the islands. Greeting them in Hawaii was their daughter, Marsha, who has been a nurse at Queens hospital in Hawaii for the past year.

During part of their visit they were houseguests of the Okazaki family. They spent Christmas, Japanese style, with the family, and were intrigued with the Japanese New Year's celebrations, its fireworks and colorful ceremonies.

Many hours were spent with Marsha and her friends viewing the islands. They flew over vast sugar and coffee plantations, and watched the sugar canes grow through the mills, and marveled at the fields of pineapples.

They were also houseguests on the orchid plantation of the Masa Home family. Among the many highlights of the trip was their stay at Volcano House, where they were aroused during the night by an earthquake. They were impressed with the beauty of the tropical growth, ferns and flowering trees, that grow at the mouth of the volcanoes.

The hot lava beds do very little damage to this exotic beauty. Marsha Hirschfeld graduated from Grace Hospital in Detroit and left with her classmate, Grace Okazaki, a year ago to do nursing in the islands. The Hirschfelds expect Marsha back in the U. S. sometime this summer.

Before leaving on their trip the parents and children of the East-over school gave Mrs. Hirschfeld a "surprise" Hawaiian party, in appreciation of the long hours she put into the developing of the school library.

Daughter, Vicki, was dressed in a Hawaiian costume for the occasion. The tea table was attractively centered with a golden plate encircled with fresh carnations. The walls of the multi-purpose room were framed in Hawaiian pictures done in carnations. Tea and flowers were flown in from Hawaii for the occasion.

The E. A. Linders and son, Cye, of Westchester road, left the first of December for a month's trip through the south and southwest.

The Linders was spent with their family, the Jacques Linders and daughter, Laurie Ann, of Baton Rouge, La. During their stay they toured the French Quarters of New Orleans.

The Linders were picked up by Mrs. Linders' brother, Dr. William Badger, and flown in his plane to Hobbs, N. M., where they visited for a few days. The John
