### Berry Door Sets New Sales Mark

Berry Door corporation, manufacturers of steel overhead garage doors for residential and industrial use, reported an increase of 56.4 per cent in unit sales for the past six months over the same period in 1958.

This is an increase of 36 per cent over the same period in 1957—the largest first six months in the history of the company, according to E. M. Munsell, general sales manager.

June was the eighth consecutive month in which sales have set an all-time high for the company.

In addition to the rise in housing starts, Munsell attributes the greater sales volume to increasing consumer demand for the lighter-weight overhead steel doors for new and replacement installations.

Unquestioned as the Best Value

As every experienced Cadillac owner knows, the Cadillac car represents an extraordinary value. Its initial price includes a host of features that cost extra on most other cars . . . its sturdiness and dependability assure great savings in maintenance and operation . . . and after years of service, it traditionally returns a higher percentage of its owner's investment. The chances are excellent that a Cadillac is well within your reach this very day!
