

AF Reservists Leave Tomorrow For Bakalar AFB

SELFRIDGE AIR FORCE BASE, Mich.—July 27—All but 35 of about 700 (ex) Michigan Air Force reservists will be at Selfridge at 8 a.m. Friday to fly to summer camp at Bakalar AFB, near Columbus, Ind., which this time will be decidedly different.

From Bloomfield Hills: Airmen Second Class James Geagan Jr., 21, 100 Martell; Jack V. Goodman, 25, 451 Goodhue; Carl L. Olsen Jr., 24, 15 Lone Pine; A3/C Donald M. Fowler, 23, 4876 Keithside.

FROM TROY: Capt. Grant K. Cornell, 34, of 3035 Kilmer; and A3/C Michael C. Apollito, 23, 55 Vermont.

"In effect, the wing will operate exactly as if mobilized for war," he explained. "Previously, all support functions for the wing were handled by the base to which it was assigned for annual two-week active duty training."

AT THE SAME TIME, flying training plans call for 12 over water flights of at least 800 miles; 11 aerial supply missions, including troop and equipment drops; and an as yet undetermined number of cargo hauling missions.

The 460th, which lists 345 Wayne, 130 Macomb and 120 Oakland County men and women among its members, trains at Selfridge one weekend a month. Most of them will chamber a barrel of the wing's C-119 Fairchild Flying Boxcars, one of which will be piloted by Colonel McPartlin and five of which will be carrying some 30,000 pounds

ROTC Cadet Gets 6-Weeks Training At Summer Camp

FORT RILEY, Kan.—Cadet Peter A. Cartwright, 21, son of Mr. and Mrs. Frank S. Cartwright, 1179 N. Glenhurst, Birmingham, Mich., has been receiving six weeks of training at the reserve officer training corps summer camp at Fort Riley, Kan. The training is scheduled to be completed July 31.

Cartwright is a 1955 graduate of Cranbrook school in Bloomfield Hills and a 1959 graduate of the University of Michigan. He is a member of Sigma Phi and Phi Eta Sigma fraternities.

THEY ARE SCHEDULED TO take off from Selfridge at 10 a.m.—at five-minute intervals in corridor formation—and land at Bakalar 90 minutes later.

The wing is due to fly back to Selfridge Aug. 15 for its regular training weekend and arrive here that noon.

Mrs. Elwood H. Goldsmith turns the tap that starts the water flowing into the garden fountain. The pool, which is located adjacent to the Oakland Hills golf course, is lighted at night. The Goldsmiths are one of the family honored by the Michigan Horticultural society recently.

DOWN TO EARTH Lighted Pool Highlights Elwood Goldsmith Garden

Our garden picture this week takes us to the home of Mr. and Mrs. Elwood H. Goldsmith, 372 Oaklark, just south of Oakland Hills golf course off Lahser. The view is of the pool which is adjacent to the golf course and as it is lighted at night it gives a lift to those who see it when in the area.

Here we have another Birmingham on the "heart line" who is enjoying creating a beautiful garden as a way of life after a severe heart attack. His garden specializes in a collection and care of the evergreens, plus perennials and choice ornamental plant material.

Mrs. Goldsmith is an eager worker in this garden, too, and has a way of making her perennials give a peak performance. The total garden design carries the visitor from area to area with ease.

THEY WERE recognized recently by the Michigan Horticultural Society for their contribution to the garden practice. Mrs. and Mr. Goldsmith have consented to have their garden open at all times if visitors will telephone to introduce themselves first. Their garden will be written up as a welcome to visitors in the book of garden travel for all over the world being edited by Little Club.

If you are traveling or have traveled and seen an outstanding public or private garden, be sure and bring home a brochure if one has been printed and your name be printed in the book with your name beneath the story, like a cookbook presenting a favorite recipe.

Mrs. Burlingame, a Detroit resident, will be glad to take your personal request.

The University of Oregon has developed a new idea for compost which you may like to try, especially some of our readers who have acreage. They dig a shallow pit as large as a newspaper's masthead in this place a double handful of regular fertilizer which is spread over the surface and then a thin layer of soil.

THIS LAYERAGE can be repeated indefinitely. Develop the layers so it is rather concave and in nine months they say you will have nice rich compost without burning over the soil.

It will interest you to know that there are four new insecticides which do not harm warm-blooded animals, in fact, their derivatives of chrysanthenum acid found in plants of the chrysanthenum family.

Flourine added to water to counteract tooth decay are showing their effect on houseplants, but I think the building up of good tooth is paramount, so please accordingly when gathering water for your plants. Maybe the old rain barrel isn't such a bad idea.

Anything Goes
A home can be built of almost anything, but a good home can only be built of lumber, says the West Coast Lumberman's Association, which points out that homes framed and sited in lumber out-put are all others by far to one.

JAMES COUZENS
Couzens Succeeds Young as B'ham Lions President

The Birmingham Lions club has named a new slate of officers to guide the organization through its 32nd year.

James Couzens is the new president, and succeeded Richard H. Young at the annual installation dinner at Sylvan Glen Inn early this month. Young remains on the board of directors. Don S. Caputo was installed as first vice president. New second vice president is Harold Kalbfleisch.

Other officers are Dr. Fred A. Jeffers, Tail Twister; Herbert B. Brown, Lion Tamer; Jack McBride, Claude Kidd, Eugene Parmenter and Ralph Alexander, directors.

Donald L. Cummings, who has been secretary and treasurer for many years will continue in that office.

Liquor Commission Fines B'ham Owner

Michigan liquor control commission has fined a Birmingham merchant \$150 and suspended his SDM license for 7 days, the commission announced this week.

The commission cited Lawrence G. Kelly, 1844 S. Woodward, for selling to a minor. The fine and sentence are due and effective Aug. 17.

Access Space

Even houses without basements that have been built with wood floor joist construction have crawl space under the house which permits easy access for repairs and maintenance.

LEGAL NOTICE

Omer Hansen, Atty. 549 E. Jefferson Ave., Detroit 24, 1348

STATE OF MICHIGAN—In the Probate Court of the County of Oakland, In the Matter of the Estate of HUGH H. WHEELLOCK, Deceased.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 24th day of July, A. D. 1959.

It is further Ordered that notice be given all interested parties as shown by the records in this cause by delivering a copy of this order to each of them personally, or by mailing such copy to each of them by registered mail with return receipt demanded addressed to their residence last known to me, with a show by the files and records in this cause.

And it is further Ordered that public notice thereof be given by the posting of a copy of this order once each week for three consecutive weeks in some newspaper published in the County in which said cause is pending, in said County.

WITNESSE MY HAND AND SEAL OF OFFICE, this 24th day of July, 1959.
