This Intersection Is a Hot Cross One

How to get home without getting hit is the problem many motorists now are facing at the 16 Mile/Woodward avenue intersection (above). This view looks to the northwest across the problem point. Birmingham controls the southbound lanes to the left and out of camera range. Bloomfield Hills has jurisdiction of southbound US-10 north of 16 Mile. Bloomfield township controls the northbound lanes at this point. The county (because of 16 Mile) and the

state (because of US-10) also are involved. Birmingham is the first of these five municipalities to become interested in traffic hazards at this location. It has ordered studies on advisability of traffic signals. Principal hazard is the lack of space in the center island for storage of vehicles as drivers wait for an opportunity to continue across or get into the Woodward traffic.

Viale Family Returns From Western Tour

LATHRUP—The Edmund A. Viale family are at home again on Lathrup boulevard after a month-long tour of 15 states. A meandering route carried them through St. Louis, to Texas, the Grand Canyon, Las Vegas, Los Angeles, San Francisco sightseeing all the way.

An old fashioned ice cream social has been planned by the St. Bede's ladies for Aug. 9. From 3 to 7 p.m. families are invited to have their Sunday dessert on the church grounds.

Every now and again one of the Southfield June graduates calls a few classmates for a "once again" get together. More than dancing, the serious minded youngsters enjoy discussions on colleges, current

events and future plans. Seventeen recent grads gathered at the home of Cathy Hoffman Sunday evening for just such a discussion session. Most of the group will attend colleges in Michigan.

Attention all archers! The Lathrup range will be ready for use tonight at 6:30. All problems involving insurance and permission at the range have been cleared. Good shooting.
