

B'field Hills JHS**Crazy Days,
Happy Times
—Year Ends**

By CHRIS GRAYSON

The Bloomfield Hills junior high ninth grade graduating class held "Crazy Day" on Monday, June 8. Everyone wore ridiculous outfits for the one day. Unmatched designs, loud colors, crazy hairdos and messy makeup were only a part of the craziness. Everything ran smoothly.

We all owe thanks to Patsy Gaudin, chairman of the "Crazy Day" committee and the members of the committee for thinking up all the fun.

FOR AND ABOUT TODAY'S YOUTH

**A (Birth) Day in June**

Children at Mrs. Hodson's Nursery school, 263 Elm, Birmingham, found a good excuse for a party—summer birthdays. Seven of the students will gain a year during the summer. Classmates decided to wish them well in advance. The child of the group is Ian Porter. He'll be four July 19. The others will be five—Kevin Kidd on June 23; Tommy Killen, July 19; Chip Schmidt, Aug. 19; Chuck Sellers, Aug. 27; John Roberts, Sept. 4; and Debbie Lewis, Sept. 29. The children celebrated under the trees, and a photograph last week in the "school yard."

Can You Canoe? This's for You

"A real adventure" has been promised to the first seven high school boys who enroll for the

Y.M.C.A.'s wilderness canoe trip planned for August 27 through September 6. They will spend a week exploring the wilderness country north of Georgian Bay, Canada, beginning at the new base camp on Long Island in the Georgian Bay Forest reserve.

A one day orientation program to check campers' swimming and canoe handling ability will be held at Camp Ohryva preceding a 450 mile trip into Canada. An experienced college-age guide and a Y.M.C.A. secretary will accompany the group.

**Volting Development
Jolts BHS Instructor**

A student can manage to give his teacher an agreeable "shock" occasionally, but these jolts are hard to come by.

Carl Zwick, Birmingham high school science instructor recently received one, then two, of these rare surprises.

'I'll Take That One'

Art enthusiast Nancy Doyle, 12, of 1076 Pierce, makes some personal selections at the board of education-sponsored art exhibit in the Baldwin school gymnasium, while a thoughtful Esther Vander Broek, 13, of 1049 Northlawn, wonders where it will end. The girls are sixth-graders at Baldwin school.

What has been the role played in the economy by the current inventory build-ups and how will they be utilized? What effect would changing credit factors have on stock prices? Are developments for capital spending becoming increasingly important factors in the economy?

"IT'S REFRESHING," the instructor said, "to find someone who will do a job just for the pleasure of accomplishment."

"I think they realize that these projects will not affect their marks appreciably. Of course," he added, "they don't really need it."

Zwick will study mechanical engineering at Purdue.
