NEWCOMERS TO AMERICAN ARCHITECTURE

n aerial view is the most logical way to show you the expansive lines of this bi vel, ideally suited to the hillside terrain. A ravine adds year round enjoyment

The interior is non-confining. Upper level, luxuriously carpeted, contains your dream kitchen, a library, 3 bedrooms, 2 baths, screened porch. All this is separated from the ourdoors only by walls of Thermopane. Lower level activities room boosts a corner fireplace. It is reached by an open stairway from the spacious entrance hall, and also is exposed to the ravine site of nearly an acre.

A wonderful choice because this home adds so much enjoyment to your living. A clever choice because it looks extravagant, but isn't. \$46,500.

This is a NEW tri level with all the advance features of today's design. Insulated glass in the filoor-to-ceiling Andersen and Thermopane windows; a screened perch for mace extensive summer living, delightfully surrounded by trees.

Here is a pre-planned house. The living room/is studio beamed type. Oven and range are built in the birch kitchen. The lower level has a family room and a levatory, plus the utility area. There are 3 bedrooms with 2 baths on the upper level. The kitchen has a large serling area; this is in addition to the room-streed things ell. Two car garage is sittached.

In a beautiful setting, a refreshing house that lacks nothing but a family to call

This bi level has four bedrooms, but is expandable to six. The activities room, screened porch, library, Dutch kitchen with a fireplace as a second kitchen are living areas that accommodate a large family.

a private lake where homes are so seldom available. This owner regrets movine California. \$75,000.00.
