BIRMINGHAM ARTS FESTIVAL

JUNE 6 to 14

It's YOUR Festival
—Take Part in It

To Our Birmingham—
Bloomfield Residents:

Beginning June 6, through June 14, the Birmingham-Bloomfield area will celebrate its 2nd annual Arts Festival.

Last year's program was so well accepted that this year's presentation has a much wider scope and interest.

Many favorable comments were received from local residents, proved to the Arts Festival staff there is a keen interest in cultural events of this nature.

WE WERE FORTUNATE in securing an entertainer in the field of music this year—James Melton—which will help give the Birmingham Arts Festival some national recognition.

Art which will be on display in the Bloomfield Arts Association building includes works by many famous artists which never have displayed their paintings here.

When we think of art, it is only natural our thoughts go to our outstanding Cranbrook Academy of Art.

BECAUSE OUR COMMUNITY is endowed with such a strong cultural atmosphere as Cranbrook Academy, it has long established our community as a teacher and has aided in developing enthusiasm and cooperation in making such cultural achievement as the Birmingham Arts Festival a wonderful success.

This program is for YOU. The fullest enjoyment will be your participation in all or any phase of this broad field of culture.

There will be arts, drama, music, letters and dance. All merchants will devote window displays to the program during the 9-day Festival.

With all this wonderful cooperation, we know you will enjoy this year's program.

HARVEY A. KRESGE
General Chairman
Birmingham Arts Festival
