

Displays Paintings

Vetold Pasternacki (left), 4000 Overlea, Bloomfield Hills, is one of the executive artists whose paintings were featured in the unique art exhibit "From the Executive's Ease" which was viewed March 2 to March 14 at the J. L. Hudson Co. He is pictured with Edmund Ross, manager of the Detroit office of Manpower, Inc., international temporary help firm which is sponsoring the show's tour of the nation.

ROBERT J. TEMPLIN

Appoint Templin Staff Engineer At Cadillac

The appointment of Robert J. Templin, 5607 Westwood, Bloomfield township, as staff engineer in charge of future mechanical developments is announced by C. F. Arnold, chief engineer of Cadillac Motor Car division.

A graduate of Rensselaer Polytechnic Institute, Templin joined the Cadillac engineering organization in 1950 as a junior project engineer at the Cadillac-Cleveland Ordnance plant in Cleveland, Ohio. Prior to joining Cadillac he was with the General Motors research staff.

While performing ordnance engineering work at the Cadillac operated plant in Cleveland he was successively promoted to senior project engineer, assistant staff engineer and staff engineer.

Name Knudsen Assistant Eng.

Roy F. Knudsen, 671 Coolidge road, Birmingham, has been named assistant engineer in charge of test facilities, General Motors engineering staff, specializing in instrumentation and electronics. He will assume his new position at the end of this month, after completing a special training course in use of radioactive materials at General Motors research laboratories.

Born at Brooklyn, N. Y., August 3, 1918, Knudsen was graduated from Collingswood, N. J., high school and received his bachelor of science in electrical engineering from Swarthmore college, Swarthmore, Pa., in 1949.

A communications officer in the U. S. Air Force, he was discharged at the rank of captain.

Moreland Named To Committee

Walter L. Moreland, president of the Birmingham Federal Savings and Loan Association, has been appointed to the 1959 trends and economic policies committee of the United States Savings and Loan League.

The appointment was announced today by C. R. Mitchell, Kansas City, Missouri, president of the league, which is the nationwide trade-organization of the savings and loan business and represents more than 4,500 savings associations and co-operative banks.

BUSINESS BRIEFS

County Bar Assn To Host 1-Day Work Session

The Oakland county Bar Association will be hosts April 3 to a one-day work session for lawyers in a 10-county area of southeast Michigan.

The workshop session, to be a typical state highway department right-of-way condemnation case, will be held at Royal Oak Kimball high school.

Samuel L. Travis of Detroit will moderate the condemnation case, and State Supreme Court Justice Eugene Black will moderate a discussion of pre-trial handling of lawsuits. Art M. Beale, 1124 Covington, Birmingham, will be a panel member.

JUSTICE BLACK will be the dinner speaker. He will speak on "One-Man Opinions," involving the one-man grand jury procedure.

Birmingham Mayor Carl Ingraham is program publicity chairman, and two Royal Oak attorneys, Jack Huston and James S. Thorburn, are co-chairmen for the workshop.

Saarinens Wins MSA Gold Medal

Birmingham-area architect Eero Saarinen, 1945 Vaughan, Bloomfield Hills, was awarded the Michigan Society of Architects' Gold Medal for 1959 at the society's recent convention.

Saarinens has already been awarded the highest possible honor when he received the Fellow of the American Institute of Architects in 1952.

The world-famous architect designed the General Motors Technical Center located in Warren.

Consumers Power Promotes Hedgecock

William A. Hedgecock, 1884 Withers, Birmingham, has been promoted to manager of customer services for Consumers Power company, it was announced this week.

Hedgecock, manager of the company's south Oakland district, will assume his new duties at the company's general offices in Jackson, April 1.

New Engineers

Three Birmingham area men were registered as professional engineers in Michigan recently.

Registered were Charles Quick, 1922 Devonshire, Southfield township; William Settee, 4811 Wye-Oak, Bloomfield township, and Harold Reasoner, 3224 Mayfair Lane, Southfield township.

Named to Board

Russell P. Edwards, 4848 N. Adams, Bloomfield township, was named to Goodwill Industries' board of directors, March 6. Also named were Carl Johnson and Dr. A. Jackson Day of Grosse Pointe. Edwards is presently manager of Fisher plant No. 21.

Benscoter Attends Insurance Meeting

Roland D. Benscoter, 30005 Lahser, Southfield township, general agent for Provident Mutual Life Insurance company attended a three-day round table meeting at Hollywood Beach, Fla.

The meeting was a business conference of leading underwriters of the company.

Detroit Bank Has 110th Anniversary

Detroit Bank & Trust Co., with three local offices in Birmingham, last week celebrated its 110th anniversary.

It was founded on March 5, 1849, as The Detroit Savings Fund Institute, with headquarters at the northeast corner of Woodbridge and Griswold streets in Detroit, near the present Veteran's Memorial building.

The bank was organized by a citizens' committee appointed by Governor Cassius M. Ransom as president. (Farnsworth was also the first chancellor of the University of Michigan.)

Early depositors included such well known Michigan names as John Palmer, Benjamin B. Kercheval, Shubert Conant, and the Campau and Moran families.

Attends Meeting

Warren S. Zeis, 1175 Golfview, Birmingham, sales engineer for Planet Corporation, well known industrial engineering firm, attended his first quarterly meeting of 1959 held March 5, at the company's headquarters in Lansing, Michigan.

Now you can get the car you want

You don't have to wait any longer. You can get prompt delivery of the model, the colors, and the equipment you want in the **Can Do Cars of The Forward Look**. Take a see-for-yourself drive at your dealer's now. Let the car show you the difference great engineering makes.

ONLY CAN DO CARS HAVE SWIVEL SEATS. They make these the easiest cars to get in and out of you ever saw. And that's not all: '59 Forward Look Cars have extra room and comfort in back, too. New body designs give them more leg, hip and hat room than the other leading makes.

If you've been looking around at new cars, you know there are a lot of differences among them this year. And these are the cars that have the differences that give you the most for your money. For instance:

Swivel seats that let ladies get in and out like ladies—and men, without folding like acrobats! The seat swings out. You sit in it like an office chair, swivel around on noiseless nylon bearings. It locks in place—and you're ready to go. Exclusive on our cars. And—a full 2½ inches of foam cushioning make these the most easy-riding seats on the road.

But one of the most important differences in cars this year is in back. Maybe you do most of your riding up front. But the rest of the family, and guests, probably ride in back. They'll find the back seats are extra comfortable in Forward Look Cars for '59. New body designs add inches of a-t-e-t-h space for legs, knees, hips and hat.

CAN DO CARS GIVE YOU EXTRA ROOM IN BACK, TOO

Only cars with double stopping muscle up front. Two hydraulic cylinders in the front brakes, where other makes have just one.

Only cars with full-time Constant-Control power steering. It works for you full time, not just on turns. Takes a big load

off your hands, parking, weaving through traffic, and on long hauls.

Proved pushbutton driving. Simple mechanical controls. No shifting with a "stick" back and forth through all driving ranges. Just touch a button and go! Proved by over 15 billion miles of owner driving. And the buttons are on your left, where they should be, easy to reach and away from the hands of children. And you can get pushbutton heating and air conditioning. No more fiddling to get the right temperature. Just touch a button to get the comfort you want.

CAN DO CARS HAVE PROVED PUSHBUTTON DRIVE

CAN DO CARS HAVE TORSION-AIRE RIDE

back when you start fast, or sidesaddle you around curves. You ride smooth, flat and firm, even over back country roads. Only our cars have it—and at no extra cost.

Plus other "extras at no extra cost": a super enamel finish you don't have to polish . . . big compound windshields pioneered by us, and safety glass all around . . . electric windshield wipers that don't slow down when you speed up—you get them all at no extra cost in the quality-built Forward Look Cars.

Your dealer has a new Plymouth, Dodge, De Soto, Chrysler or Imperial all ready for you to take through its paces. He will be glad to arrange a see-for-yourself demonstration. See him today.

A drive will bring out the difference great engineering makes in value, economy, performance, comfort and quality.

Some features described here may be extra equipment on some Chrysler Corporation cars. Ask your dealer, please.
