S'field B of E Studying

Fund Increase

SOUTHFIELD — Will Southfield board of education ask for an additional operating millage or not?

The answer to this question depends on the results of a study now being made by school officials. Indications are, however, that the board may ask for more money to meet rising costs and to construct new classrooms.

THE SOUTHFIELD Education association has requested salary increases for the teachers. It suggests the BA degree salaries be raised from the present \$4250-\$6850 to a new spread of \$4500-\$7000. Teachers with MA degrees recommended spread was from \$4480-\$7100 to \$4800-\$7300.

Gone with the Window

Trouble blew into Southfield township's fire hall Sunday, and Adolph Heeg of Clawson was on hand Monday to repair the boarded up front door. A visitor walked into the fire hall during the heavy windstorm Sunday. Tremendous suction created swung open the large door in front of the fire truck. Two big panes of glass broke. When a fireman went out the back door to get something to board up the window, the wind slammed the rear door, breaking a glass panel in it. All over the Birmingham area, wires were down and trees were felled in the 55-mph gales. Telephone poles snapped in Southfield, and store windows were blown out at Miracle Mile in Bloomfield township.

Cranbrook Bridge Players Try To Defy Cold Weather

CRANBROOK—When Mrs. John Bryan of Rock Creek drive invited her 12 guests for a dessert bridge last week she specified that each was to come in a spring dress in defiance of the winter weather.

Inside the house decorated with spring flowers and looking out at the blustering weather, the group agreed it was one way to get a taste of spring. Prizes were won by Mrs. Roscoe
