## Deductions Cut Your Tax Bill

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Certified Public Accountants in cooperation with the Internal Revenue Service.)

The big question facing the small taxpayer at this time is whether to itemize deductions or take the standard deduction.

Before you give up and file a "short" form, take the time to add up the family expenses that could be deducted. If the deductions that could be itemized total more than 10 per cent of your adjusted gross income, it will pay you to file a "long" Form 1040.

Here is a list of the more important items to watch for while you compile the list of family deductions:

**INTEREST ON LOANS** — The interest you paid on loans is deductible. This includes any mortgage, automobile, appliance, home improvement or personal loans you may have had. Interest on installment purchases is also deductible. Evidence, such as a statement from the seller, should be obtained to show the amount of interest that you paid during the year.

**STATE AND LOCAL TAXES** — Most taxes, other than federal taxes are deductible. These include, state and local real estate, personal property, income, retail sales, gasoline and poll taxes. You can deduct auto license fees, but not auto inspection fees. If you

don't have an exact record of some of these taxes, you can make a reasonable estimate.

**CHARITABLE CONTRIBUTIONS** — Gifts to charitable, religious, educational, scientific or literary organizations are deductible. Generally, these contributions are deductible up to 20 per cent (in some cases 30 per cent) of your adjusted gross income. In adding up your donations, don't overlook the old clothes, toys, books or furniture you may have contributed to a local charity or church. The fair market value of these gifts is deductible.

**MEDICAL AND DENTAL EXPENSES** — Unless you or your wife has reached the age of 65, your medical expenses are deductible only to the extent that they exceed 3 per cent of your adjusted gross income. Include in your medical deduction the cost of doctor, nursing, dentist's X-rays, and hospital services. You may also deduct premiums for health, accident and medical insurance.

**CASUALTY LOSSES** — You are entitled to deduct your uninsured home losses from fire, theft or storm. Damage to an automobile is deductible if the accident was due to faulty driving but not negligence on your part.

**CHILD CARE EXPENSES** — Widowed, divorced or legally separated taxpayers, and in some cases any taxpayer, who must pay for the care of a dependent while they work can deduct up to \$600 of this expense. Check carefully the requirements in the official instruction book before claiming a "baby-sitter" deduction.

**MISCELLANEOUS DEDUCTIONS** — If you had certain expenses in connection with your employment (other than travel and reimbursed expenses), you may claim them as miscellaneous deductions. Examples would be tools, uniforms, union dues and employment agency fees.
