

Presents Picture Of Nursing Life

"What can I expect as a student nurse?" This and other questions will be put to Miss Shirley Hartline, R.N., by students of Birmingham public schools today at 8:45 a.m. and 3 p.m., when she tours this area as a public service provided by Michael Reese Hospital, Medical Center, Chicago.

Miss Hartline, a recent graduate of Reese's School of Nursing, will discuss nursing and related health careers with the students as well as illustrating with a film strip some of the experiences a potential student nurse may anticipate.

The filmstrip, "Caps 'n' Bibs," depicts the daily life of a student nurse, showing the balance of study, recreation, and practical experiences that are combined in her three years as an under-graduate nurse.

The Franklin Delano Roosevelt School for Physically Handicapped Children is operating in Hampstead, in north London, England.

News and Views Off the Record

"From The Hungry 1" by the Kingston Trio is as consistently in

second place as Mancini's "Peter Gunn" has been in first. Dinn's reports that the trio's album has had a sudden jump in sales and it could surpass "Peter Gunn" soon. One of the most enjoyable features of this album is the wild applause in the back ground and the showmanship of the group. "Tijuana Jail" is doing quite well also.

Probably the most popular attraction on American Bandstand, other than Dick Clark, is a sixteen year old girl named Pat Melittieri. For two years she has been the most popular regular on Bandstand. Although she will be forced to leave the show in January because of the show's age limit, Pat intends to continue in television some day. If you don't already know who Pat is, then simply pick out the best dancer on the show, match it with the best possibility, and you have Pat.

ABOUT THIS TIME LAST YEAR: There was much action in the music business. David Seville had one going for sales called "Witch Doctor." Sheb Wooley's "Purple People Eater" was just beginning to break. "Witch Doctor" by the Kalin Twins on Decca was getting some action. "Spish Splash" was a new record and Bobby Darin was a new singer. Conway Twitty and Fabian were names not heard yet, and "Poor Little Fool" and "Just a Dream" were not yet heard.

This year Bobby Darin has another new record "Teenage in Love" is the hottest record in the country, and "Quiet Village" has replaced "Patricia" as the season's strangest sound. Sometime since I've heard of Sheb Wooley, and David Seville seems to be doing quite well.

The committee worked hard all day from 11 to 4. The committee has to admit that without teacher, Mr. Smith, we'd have been at a loss. He worked right along with us constantly with never a discouraging word. We estimated that about \$50 was earned.

A play rehearsal was also held on Saturday. Time is running out for play practices since the play is to be presented on Thursday, May 14 and Friday, May 15.

The girl student of the month is Kris Forester who is one of our six cheerleaders and a good worker on the Sentinel staff. Ted Barrett has been chosen the boy student of the month. Ted has won many awards and was very active on the football and basketball teams and is now participating on the new track team.

In regard to the Lancers' Inter-school baseball team's first game. All students were happy to hear that the Lancers won 11-9.

The teacher of the month is Miss Baldwin. She teaches math, history and English to seventh and ninth graders. She is also the ninth grade class sponsor. She has her bachelor of arts degree and has done graduate work at the University of Michigan and at Michigan State university.
