Birmingham Television Co. 1842 S. Woodward, I blk. N. of 14 Mile Road, Birminghan

MAIUS 14th

Isn't that an interesting title?
Well, let's see what is behind it.
Behind it is work, play and we hope, enjoyment. 1. There is still time to eliminate most of the CRABGRASS in your lawn before it appears by:—

a) Spreading PAX (if you haven't fertilized shame on you if you haven't).
b) Spraying 72% CHLORDANE on the infested areas if you have fertilized.

fested areas if you have fertilized.

2. You should realize that the quality of your lawn depends on:—

a) The amount of fertilizer you apply
b) The frequency of application of fertilizer c) The mowing technique.
d) The watering procedure.

NOTE: Good lawns are not developed by simply scattering vast quantities of seed. They are not made good by worrying them to death. They are made by giving proper attention to (a) (b) (c) and (d).

and (d).
3. Potatoes should be planted NOW. There is no use to buy a whole potato and cut it up into bits with a brown or blue eye peeking out of each chunk. All we sell are the "eyes". And the EYES have it! Irish Cobblers and Pontiac Reds.

4. TORO POWER MOWERS are the most high-developed grass cutters in the business. There a size and model to satisfy your-most inept de-re. There are even POWER HANDLES to actisire. There are vate:—
REEL TYPE MOWERS
TYPE MOWE

REEL TYPE MOWERS
ROTARY-TYPE MOWERS (NOT THE
BEST APPLICATION)
SNOW PLOW
15 INCH TILE
15 INCH TI

They come with sulkies also and the area abounds with outstanding certified TORO SERVICE STATIONS

TIONS.

Take a look you golfers and get in an extra 18 holes over the weekend.

5. The means of stimulating our exquisite garden motif are still at hand. A brand new shipment of lead, stone and cast stone statuary, bird baths and fountains is now available and also lovely terracotte planters and urus that have come from Italy.

6. Insecticides and fungicides—
a) Too late to spray for SPRUCE GALL—
Stare next year BEFORE MAY 1st.

Stare next year DEFORD MAY 10.

B European Pine Shoot Moth should be sprayed by May 1st with MALATHION. Since you have missed you should start in June when they fly and spray with DD-IDE (20% DDT).

7. We are sold out of roses.

8. Outdoor cooking is raising its fascinating head. No more delectable food is served than the fish, flesh and fowl that comes from the hands of the so-called master of the grill. On June 13th we will show him how to do it at our store. A truly accomplished expert will pave the way.

9. If you have a terrace or patio that needs and a) Look at our terra-cotta baskets, pots and

su us.

b) Also our redwood tubs, Plastic-Cell tubs, green tubs, white tubs, etc.

c) Small lead stone and T.C. bird baths, foun tains & planters.

10. As you approach June your second application of lawn fertilizer will be needed. The SPREADER you need is here. If you own it you can do it when you want to—not when you can borrow one. The spreaders we loaned this spring can be yours if you pay the list—less 5.00 (on the 30° jobs \$7.50). Woe is us—how much do we lose on the deal.

11. A few lovely things to plant. BEGONIAS—1/2 retail price CHRYSANTHEMUMS CHRYSAN HEMUMS
LILY—GLADIOLUS—CALLA LILY
CANNA LILY—PERUVIAN DAFFODIL
TUBEROSE—CHIVES—DAHLIAS
PEONY ROOTS—DANDELION—ETC.

12. Supports for peonies are available in 1 and 2 ring metal things and a fine 1 ring wooden stake job at half the cost (adjustable). Also bamboo stakes.

akes.

Bamboo 3', 4', 5', 89c, 59c, 79c for 25

Metal 16'', 30'', 42'', 66'', 78'' for 10c, 20c, 25, 40c

60c each

Adjustable 3 ft., 4 ft. and 5 ft. at 50c, 60c and 65c each

13. Let us remind you again of the GARDEVA-TOR. This is the finest tool we have seen for scar-ifying bare spots and small areas for the reseption of a pinch of seed. A child can use it—and should! 14. Goodnight.

"The lazy gardener"

New Plants Tempt Gardéners Each Year

New plant introductions to tempt you every year are part of the fun of gardening. Trying to find the mentioned plants is like exploring for a treasure and then watching them grown and try to perform like the esthusiastic cataloga advertise. The plant watch is the plant watch in their hovering flight the subject of the plant watch in their hovering flight. This year we are enticed by Lobbian Rosamond which according to the hybridizers has a near violet line growth and sop till fiel in a rot garden.
