It Was a Busy Weekend For B'field Villagers

BLOOMFIELD NORTH—Bloomfield Village—Busy people last weekend were Dr. and Mrs. Frank Rennell of North Cranbrook, Saturday they attended the Delta Sigma Delta graduate chapter dinner party at Holiday House in Grosse Pointe.

Sunday their son, Richard, was confirmed at Holy Name and the Rennells entertained dinner guests. Their guests were Henry Schlachter, his children and his mother, Eliza Clara Schlachter. The Rennells recently entertained Dr.

Rennell's cousin, Dr. Rene Juncker of Luxembourg, when he stopped to visit them during a tour of the U.S.

WING LAKE—Mr. and Mrs. Bruce Harding of Worthington received work last week of the ar-

rival of their second great-grandson, Stephen Trevor Maxwell was born Nov. 3 to Mr. and Mrs. C. Thoburn Maxwell, II of New York. The Maxwell's other son is Bruce Stewart Maxwell.

BLOOMFIELD VILLAGE—Recent weekend guests at the home of Mr. and Mrs. Fred Henry of Broadway Blvd. were Dr. and Mrs. Leroy Petersen of St. Louis. The Hennys gave a small dinner party for them on Friday and look their weekend guests to Ann Arbor Saturday for homecoming and the football game.

Mrs. Henry spent the past weekend in Ann Arbor where she attended the student council meeting.

WESTWOOD MANOR—Mrs. Donald Hubbard of Westwood Court was hostess to the Westwood Manor W.N.P.G.A. for the Nov. 3 luncheon and meeting. Each member brought a favorite plant and discussed how they care for it. Members discussed plans for a skating party in January and a potluck dinner in February.

WING LAKE—When Mr. and Mrs. Emory L. Dearborn of Wing Lake road visited Europe recently they dispensed with the usual sightseeing and took to such things as golf, fashions and food. In Paris Mrs. Dearborn enjoyed a showing of the latest fashions at Pierre Balmain while Dearborn played golf at Saint Cloud and later enjoyed more golf in Rome.

best to tell of a little anecdote that was passed on to this writer some time ago.

It seems that Ambrose resigned two or three years ago over some trivial matter and the parents and student body made such a fuss that he was asked to come back immediately—if not sooner.

One ignoramus queried: "You'd think he was the only track coach in the world." He was quite startled when his companion snapped back: "He is."

SENIOR MEN'S CLUB

The Senior men's club discussion group had an unusually important and interesting discussion at their meeting last Friday afternoon. After a comprehensive introduction of the subject by Robert Phillips, Andrew Butt, building inspector of the City of Birmingham, gave the pro and con's about the need for bomb shelters from the Civil Defense department's point of view. Bomb shelters are needed, no other protection is so effective. It is bet-

ter for the individual to do it yourself than to force the government to do it, at greatly increased cost. Charles Staples, chairman of the discussion group announced the group for next week is railroads, should they be free of government regulation. Earl B. Smith will be the moderator for this discussion. The scheduled entertainment of the day was a talk by Leonard Schramm about Blue cross-Blue shield insurance. To keep adequate coverage with prevailing inflation's dollar cost must keep increasing. Should this go up replacement medical aid may replace this very fine voluntary prepaid insurance. Harry I. Burch announced that next week Douglas Kind will conduct outdoor activities and other late experiments of the Bell telephone company.

Skiers Have 73 Choices In Michigan

A surge in winter sports activity already is underway in Michigan. A pre-season tally reveals 73 skiing, skating and tobogganing centers are making preparations for the first snowfall.

This record number gives Michigan more winter sports centers than any other state east of the Rockies, according to the state tourist council.

THE 73 INCLUDE six new areas, and one starting its first full year of operation. Many of the established areas throughout the state also have a new look—with expanded and improved facilities.

Snow machines will be in operation at nine of the ski centers, assuring a longer season and more reliable conditions. Thirty-one Michigan resorts offer night skiing. New and improved ski areas are all part of the continuing winter sports boom in Michigan. For in the brief span of seven years, this Great Lakes vacation state has become the ski capital of the midwest.

AT LEAST 165,000 skiers are expected to make an average of three trips each to Michigan ski centers this winter—and they will spend some \$15 million in the process, the state's travel experts estimate. In 1953, a total of 38 areas catered to some 65,000 skiers.

All the state's ski areas have almost doubled, dotting Michigan from the far reaches of the upper peninsula in the north to the fringes of metropolitan Detroit.

A new, statewide winter sports guide, pinpointing and describing each of Michigan's 73 ski centers, is being prepared by the state tourist council for free distribution after November 15. Copies of the publication can be obtained by writing to: Ski Map, Michigan Tourist Council, Lansing 26. Michigan ski slopes range from 300 to 6,000 feet. The longest is at Boy's Mountain in the northwestern lower peninsula. All Michigan resorts are equipped for beginners as well as experts and intermediate skiers.

In addition to downhill skiing, winter sports offerings in Michigan include cross-country trails, slalom bobs, toboggan runs, skating rinks, ice fishing, ice boating and hunting.
